( ) Place a check mark here if fire sprinkler outage is requested. Fire and Life Safety Officer or Campus Building Official signature is required: __________________________________________

( ) Place a check mark here if detectors are to be disabled overnight. Fire and Life Safety Officer or Campus Building Official signature is required: __________________________________________

Today’s Date: ________________________

Person requesting disable: __________________________________________________

Jobsite Supervisor and Pager/Cell#: __________________________________________

Bldg/area to be disabled: ___________________________________________________

Date(s) bldg/area to be disabled: _____/_____/______ through _____/_____/______

Building/area to be disabled from (time) _____:______ until _____:______

Type of work: ____________________________________________________________

In the event of a fire in the disabled area, you are responsible for notifying University police @ (303) 724-4444 (911 from a campus phone).

• All Smoke Detectors in the area of construction must be covered by requestor before work begins each day and uncovered by the requestor at the end of the work day.
• Requests must be submitted by 2:30 PM of the day prior to the date of requested disable.
• All outages to be done between the hours of 7:45 AM and 3:45 PM Monday through Friday unless requestor has made arrangements with Fire Command.
• If there is a local fire alarm system in the area of the requested outage (computer room, FM 200 System, etc.), it is the responsibility of the person requesting the disable to have that system disabled by owner before starting work and enabled after completing work.
• Confirm with Fire Tech that area has been disabled before you begin work and notify Facilities Management or Fire Tech before leaving jobsite.
