CU Denver College of Engineering and Applied Science Conceptual Design
PN 16-106175

August 20, 2018
ADDENDUM 2

The following are answers to questions that were received at the mandatory pre-bid and/or prior to the bidder question deadline.

1. In the list of minimum requirements, it asks for the completion of Appendix C, Acknowledgement and Attestation Form. The Acknowledgment and Attestation form is actually Appendix D. Am I correct in assuming that this was an oversight and we just need to fill out Appendix D? Yes, submittals should include a completed Acknowledgement and Attestation Form located in Appendix D of the RFQ.

2. Is Appendix F required - is there a 3% minimum XBE participation goal? Submittals should include a completed Service/Disabled Veterans Minority/Women Business Enterprise Participation Report, however there is not a percentage minimum requirement. The University uses this information for tracking purposes.

3. Is Appendix E required? Yes, submittals should include a completed Certification and Affidavit Regarding Unauthorized Immigrants Form located in Appendix E of the RFQ.

4. Are consultants precluded from competing for other phases? No; the following is the statement on Page 2 of the RFQ: “CU Denver may utilize the chosen firm for full design work once the project is funded and authorized for Phase 1 based on performance in this project.”
