TOTAL ALARMS FOR MONTH      2

An alarm followed by "No FD" signifies no fire department response. Not initiating a response or cancellation of fire responders (after they have been called to respond) has been accepted, in writing, by the Aurora Fire Department. Our approved policy has specific guidelines that are to be followed prior to cancellation, and it is put into effect only when University Facilities Operations or University Police personnel arrive quickly and determine that the alarm is not an actual fire and that no hazard exists.

In addition, the University of Colorado Denver also does not own, nor operate, any student housing. We have no information regarding fire alarms or fire-related incidents in the aforementioned locations or for any leased property. The closed 9th/Colorado Blvd campus is not included, as the buildings are no longer occupied.
