

Thank you again to all of this year's [Colorado Combined Campaign \(CCC\)](#) contributors.

We are within close reach of meeting last year's contributions total for the University of Colorado Denver | Anschutz Medical Campus. CONGRATULATIONS! Please, if you have not already pledged or donated, consider even a small contribution. When combined, each dollar counts greatly in helping serve the needs of our communities.

While the online pledge tool has been closed, we are still accepting paper pledge forms with checks or payroll deduction designations. If we receive your paper form for a payroll deduction pledge during the month of January or February, the designated deduction will begin the month following the pledge.
