Writing Advantage
(1-day course)

**COURSE DESCRIPTION / CONTENT**

Employees often devote up to three hours each day struggling to express their thoughts and recommendations in writing. Sadly, this time is squandered if their emails, memos, reports, and other documents are misinterpreted or even ignored. With awkward sentence structure, poor organization, and murky language, most written communication drops off the radar due to information clutter.

This one-day business-writing course teaches individuals how to set quality writing standards that increase productivity, resolve issues, avoid errors, and heighten credibility. Participants learn a four-step process to create writing that cuts through the clutter. Participants will also learn how to write faster with more clarity, and gain skills for revising and fine-tuning every kind of document.

Upon completion, the learner will be able to:
- Organize initial ideas around a clear purpose
- Structure a prototype based on solid writing standards
- Evolve prototypes into a draft document
- Review and refine the draft against formal standards
- Produce a final and collaborative edit of a draft

- Employees at all levels of the University

Cancellation Policy

What happens if I cancel or withdraw from a training for any reason prior to the registration close date?

By withdrawing from a session on Skillsoft prior to the close date, there are no penalties. This also allows someone from the waitlist to be enrolled in the session. See FAQs for how to enroll and withdraw. Close dates are 14 days prior to the session.

What happens if I cancel or withdraw from a training for any reason after the registration close date but before the first day of training?

If you cancel your registration from a training that costs money, your speedtype will be charged for that training. However, we will issue you a credit for that course. The credit may be applied towards a registration for a future session of that course, redeemable by you or someone else in your department with the same speedtype. This credit will remain active for a year. In order to apply the credit, you must immediately notify HR.TrainingRegistration@ucdenver.edu once you or your colleague have enrolled in the future session.

If you withdraw from a training that has no associated cost, there is no financial implications. Please be aware that some sessions have waitlists. If you are able to tell us that you are not able to attend in a timely manner, we will do our best to notify someone on the waitlist that a spot has opened.

What happens if I don’t show up for a training and did not notify Learning & Development?

This constitutes a "no show". The Learning and Development team will email you and your supervisor if you are a no show and if we have not heard from you. If it is a paid training, your speedtype will be charged for that training and will not receive a credit for the course.
