Install Microsoft Office 2013 from Software Center (SCCM)
1. The Microsoft Office 2013 application can be downloaded and installed from the Software Center

Step 1. The Software Center can be accessed on Windows 7 and Windows 8 from the quick search option.

a. On Windows 7, click on the Start Menu button and type in Software Center to search for the program, click on the search result to launch it.
Install Microsoft Office 2013 from Software Center (SCCM)

b. On Windows 8 access the quick search option from the Start Screen or use the keyboard shortcut (Windows Key +Q), click on the search result to launch.

Step 2. Once the Software Center has loaded you will be presented with a list of applications available to install, Microsoft Office 2013 is available for both 32-bit and 64-bit installs of Office. Click on the version you need and then click the install button in the bottom right corner.

If you have any questions, please contact the University of Colorado Denver | Anschutz Medical Campus OIT Help Desk at 303-724-4357 (4-HELP) between the hours of 7:30 a.m. and 5:00 p.m., Monday through Friday. You can also open a ticket at the self-service portal: http://4help.oit.ucdenver.edu
Step 3. This will then open up the Installation Status tab automatically and show you the progress of the install, once complete it will move the install status to the Installed Software tab.
