Choose the layout
In the video conversation window, click **Pick a Layout**, and choose one of the following:

- **Gallery View** to show all the participants’ videos.
- **Speaker View** to show only the presenters’ videos.
- **Content View** to show only the meeting content.
- **Compact View** to show the tiles of the participants in a compact window.

Manage the participants
To manage the participants, right-click a person’s video or photo, and click:

- **Mute, Unmute, or Remove** to mute, unmute, or remove that person from the call.
- **Lock the Video Spotlight** to make that person’s video the spotlighted video.
- **Pin to Gallery** to keep that person in the Gallery View.

Choose the view
In the video conversation window, click **Pop out video gallery** to see the videos in a separate window, **Full Screen View** for a large view of the videos, and click **Pop in video gallery** to go back to normal view.

Set up your video device
You need a camera to share your video, but you don’t need one to see someone else’s video.

To set up your camera:

- Click **Options** in the Lync main window, then click **Video Device**.
- If your don’t see your video preview, make sure the camera is working correctly.
- To adjust settings, click **Camera Settings**.

Start a video call
In your Contacts list, point to a contact’s photo and click the camera icon.

A message pops up on your contact’s screen to accept your call.

To end the video portion of the call, point to the camera icon, and then click one of the following:

- **Stop My Video** to stop your video stream. You’ll still see others’ video.
- **End Video** to stop seeing all video. You’ll still have audio.

**TIP** During an instant messaging or audio call, click the camera icon to make it a video call.
Start a video meeting
Start an ad-hoc video meeting to discuss a subject that needs immediate attention.

1. In your Contacts list, select multiple contacts by holding down the Ctrl key and clicking the names.
2. Right-click one of the selected names, and click **Start a Video Call**.
   When you start a video call, you automatically use Lync computer audio.
3. Use the video controls to manage the meeting.

Answer a video call
When someone calls you, an alert pops up on your screen.

To answer the call, click anywhere on the photo area.

Click **Ignore** to reject the call.

Click **Options** and the appropriate selection to do any of the following:
• Reply by IM instead of by video.
• Answer with audio only if you don’t want to share your video.
• Change your status to Do Not Disturb to ignore this call and others, until you change your status.
