A 21st Century Health Sciences City

The University of Colorado Anschutz Medical Campus is the only comprehensive academic health sciences center in Colorado, the largest academic health center in the Rocky Mountain Region and one of the newest education, research and patient care facilities in the world.

227
ACRES

of land for patient care, research and education facilities

7.3
MILLION

gross square feet of newly built training facilities for future health professionals

On a campus designed to enhance collaboration and interprofessional education, students learn alongside faculty members, who also provide expert clinical care to patients and make meaningful medical discoveries.

- » 3,911 degree-seeking students (Fall 2012)
- » 1,200 on-line and non-traditional students (Fall 2012)
- » #1 academic hospital in the U.S. (ranked by the University HealthSystem Consortium)
- » 1.5 million patient visits annually
- » 189 of 299 physicians named in *5280 Magazine's* "Top Docs" are CU faculty or clinical volunteers (2012)

Research and innovation on our campus fuels the Colorado economy, leading to new companies, more jobs and medical treatments that improve our lives.

- » \$1.2 billion campus budget (FY13)
- » 15,945 employees
- » More than \$400 million in research grants annually
- » \$2.4 billion in campus-wide direct expenditures—on par with the Colorado ski industry
- » 900 patent applications filed and 46 new companies formed since 2002

"The Anschutz Medical Campus trains the health sciences workforce of the future—blending education, research and clinical care all in one place. This strategic collaboration among diverse health care fields allows for knowledge to travel directly from the research bench to the patient's bedside."

– **Lilly Marks,**

Vice President for Health Affairs,
University of Colorado
