This wood nightstand is a very simple yet functional furniture piece. The piece was hand made with solid wood boards.

The wave desk is one continuous surface that curves to create space. The birch desk top is connected to metal legs. The piece was designed by Offi.

Redwood Siding

Aluminum Siding

Sliding glass door w/ railing immediately in front, using the interior space just inside the door as a deck, rather than building one out like on the West elevation.

Steel Railing
(1 1/2" Handrail, 3/4" Posts, 1/2" Round Bars)

1 1/2" (2x4 Nominal decking)
9 1/4" (2x10 Nominal deck joists)
