**Cognitive Development**

In a world where the development of cognitive abilities is essential, inclusive schools need to foster healthy minds. "No Child Left Behind" initiatives in schools have been aimed at providing equal opportunities for all students, regardless of their background.

"[Cognitive Development] is a process where students are encouraged to engage in tasks that challenge their thinking and problem-solving skills. This concept is crucial in the curriculum as it helps students develop critical thinking and analytical skills, which are essential in today's world."
