Department: Civil Engineering

Faculty Advisor: Peter Marxhausen

Team Members: Michael Duesterbeck, Brian Fischer, Qianxi Liu, Kevin Tien Nguyen, Jackson Emro Pedziwiatr

PROJECT INFORMATION

Description:

Design and renovation of the existing City of Arvada Fleet Maintenance facility.

Abstract:

The City of Arvada Parks Maintenance Complex is located at 7800 West 62nd Place, Arvada. The 7.5 acre site contains staff and equipment for the City's Streets Division, Parks Division, and part of the Fleet Division. The eastern half of the site is used by the Streets Division. The western half contains the Parks and Fleet operations. The Parks and Fleet are housed in an approximately 28,000 Sq. Ft. building constructed in the early 1970's. This building has reached the end of its life cycle and needs to be replaced.
