Global Health in the Heart of India

INDIA | June 9 - June 22, 2019

PROGRAM FEATURES

Study global health in the most perfect setting - a nation in the midst of epidemiological transition.

Participate in a Rapid Needs Assessment to understand the major risk factors of selected communicable and non-communicable diseases in rural Indian communities.

Visit a hospital where modern medicine is practiced to understand major diseases as well as the challenges faced by healthcare providers.

Visit an Ayurvedic medical school and treatment center to learn about the traditional Indian healthcare system.

Enjoy unique Indian culture: food, yoga as an element of healing arts, the Taj Mahal, Hindu temples, and more!
