Day 1 - Lecture - Who is a Refugee?
Course Overview: 12:00 - 12:10
Lecture: 12:10 - 12:50

Goals:
- Recognize the definition of "refugee" and the circumstances that lead refugees to the United States and Colorado
- Describe the difference between a refugee and an immigrant
- Describe the various refugee populations represented in Denver

Day 2 - Panel - My Life as a Refugee
Introduction of Panel: 12:00 - 12:05
Panel Discussion: 12:05 - 12:50

Goals:
- Describe the refugee experience in moving to and living in the USA

Panel Guidelines:
This panel will represent the diverse refugee population found in Denver.

Day 3 - Panel - Refugee Settlement in the US
Introduction of Panelists: 12:10 - 12:15
Panel Discussion: 12:15 - 12:50
Goals:
- Identify the agencies that are involved in resettling refugees
- Describe the barriers refugees face when integrating into the community
**Day 4 - Panel - Refugees and the Health Care System**
Panel Introduction: 12:10 - 12:15
Panel Discussion: 12:15 - 12:50

Goals:
- Describe the barriers refugees face accessing health care and how health care is provided
- Examine the limits faced by health care professionals

**Day 6 - Lecture - Common Medical Issues Affecting Refugees**
Lecture: 12:00 - 12:50

Goals:
- Identify common physical ailments affecting refugees
- Describe special issues common to refugees that may affect physical and emotional health, focusing on traditions and taboos of various cultures

**Day 7 - Lecture - Common Oral Health Issues of Denver Refugees**
Lecture: 12:00 – 1:00

Goals:
- Describe common dental problems refugees face

**Day 8 - Lecture - Psychological Issues and Refugees**
Lecture: 12:00 - 12:50

Goals:
- Describe the common psychological issues affecting refugees such as PTSD, abuse, and rape, and how these are affected by moving to a new country
- Identify the mental health resources that refugees have access to in confronting these issues

**Day 10 - PBL - Challenges and Ethical Dilemmas of Providing Culturally Effective Care**
PBL Case Discussion in small groups: 12:00 - 12:30
Debrief and Wrap-Up: 12:30-12:50

Goals:
- Describe methods to address ethical dilemmas when conflicts arise between your own beliefs and those of the refugees
- Discuss the challenges students will face in providing culturally effective care and the rewards of knowing how to approach these challenges with the goal of providing the best healthcare possible by working through a clinical case.
