Public Health Summer Internship
Kelly Child, Executive Director

Center for Global Health

university of Colorado
colorado state university
university of northern colorado
Interns work alongside rural communities as they are empowered to lead healthier lives by increasing access and education to public health programs.

**When**

8 week long immersive internship, 9 June to 11 August. This includes a comprehensive 3 – 5 day orientation in-country.

**Where**

Rural Iganga District, located in southeast Uganda. Very basic housing, typically without running water or electricity.

**Who**

Our internship brings together undergraduate and graduate, public health and medical students from across the globe.
The Details

Cross-Cultural Collaboration and Team Building through our Intern Team Model.

Community Immersion through living in and partnering with a specific Healthy Village.

Practical Knowledge and Skill Building in community mobilization, data collection, and health education through the lens of UVP’s public health focus areas.

Critical Thinking & Leadership Development through our 8 week Global Health Leadership Curriculum.
We are deeply committed to the safety, education, and personal growth of each of our interns. We provide support through:

- Pre-orientation sessions
- In-country orientation
- Written materials to assist intern activities
- Staff support
- In-Country Internship Coordinators
- Fundraising tools and support

All international interns are required to pay $2250 to UVP and also pay a $500 deposit (early applicant’s receive a $250 discount on the program fee). The program fee covers meals, transport, housing, orientation, staff support, and project costs throughout the summer, and also includes a donation towards Uganda Village Project’s programs in Uganda.
