Focused on meeting the growing need for criminal justice professionals, the multi-disciplinary BA in Criminal Justice at CU Denver provides critical thinking, writing and presentation skills along with coursework that features theoretical concepts and hands-on experiences.

We have listed some guidelines to help you plan your community college transfer program. Students may transfer with as few as 13 or as many as 60 total community college credits.

Courses listed below will transfer and apply to CU Denver general education and major requirements for the BA in Criminal Justice degree program. If completing an associate degree, see your community college advisor for specific requirements.
