Dual BA/MCJ Program Application Overview

There are two applications students complete.

1. Your first application should be completed between the accrual of 75-90 credit hours. Return your completed application to your Academic Advisor. This application requires;
   a. Personal statement
   b. One letter of recommendation from a CU Denver faculty member (ideally CJ)
   c. Completed application form

We are looking for a minimum 3.0 cumulative GPA and 3.5 GPA in your CJ courses.

This application will be reviewed by our Master of Criminal Justice Program Director who will decide whether or not you can begin taking master level courses. If you are approved, you should plan on taking no more than 2 master level courses/semester.

With this application you are simply seeking approval on whether or not you can start taking master level courses. Approval to begin taking master level courses is not admittance into the Master of Criminal Justice program. Full admittance into the Master of Criminal Justice program requires a different application which is outlined below.

2. Your second application should be completed during your senior year. This application is for full admittance into the Master of Criminal Justice program. This application is much more robust than the first. This application is completed online and requires;
   a. Completed Graduate Application
   b. 3 Recommendations (forms are on the website)
   c. Declaration of Program Form
   d. Application Fee
   e. GRE or LSAT Scores
   f. Current Resume
   g. Personal statement
