POTENTIAL CAPSTONE PROJECTS

For a list of potential Capstone projects, go to the SPA Job Portal at:

http://bamlas2.ucdenver.edu/SPA/Jobs/

The site is designed to give students, alumni and friends of the University an easy way to search for jobs - as well as internships, fellowships and capstone projects - in public administration and criminal justice. Please register if this is your first visit to the site and give us feedback on what you like about the resource and what we can improve. We wish you the best as you explore opportunities in the field of public affairs.

Questions on the portal should be directed to spa@ucdenver.edu.

Please note: The individual projects listed on the portal have not been evaluated or approved by faculty. Any potential project must be evaluated and approved by faculty. Organization descriptions have been gathered from each organization's published materials.
