   1. How will the MBA/MS degree enhance your career plans? Project the kinds of positions you anticipate having five years after earning the degree. What experiences have you had that form the foundation of your goals?

6. GMAT Scores — The average GMAT score for those who are admitted is 580. The Professional MBA program requires a minimum total GMAT score of 500 to be considered for admission. The One Year MBA program requires a minimum total GMAT score of 550 to be considered for admission. The average score for those who are admitted to the One Year MBA program is 600. As our admission decisions are based on a combination of all required materials, test results are required for all applicants. (If you already hold an advanced degree from a US institution, this requirement may be waived for certain programs.)

   If you already hold a master’s degree from a US institution, this requirement may be waived for certain programs. The admissions committee will examine your graduate transcripts to determine if you have successfully demonstrated both verbal and quantitative ability. If those abilities are not evident, you will be asked to complete the GMAT exam. We recommend you apply well before the application deadline if

March 13, 2018
you are applying without the GMAT in the event that you will be asked to submit GMAT scores. Please email the Business School Admissions department at bschool.admissions@ucdenver.edu to request the GMAT waiver.

If you already hold a master’s degree from a non-US institution, you can still request to waive the GMAT for certain programs. However, your international transcript needs be evaluated first to see if the master’s degree is equivalent to a US master’s degree. When you receive the email from the Business School Admissions department that your transcript evaluation is complete, please email bschool.admissions@ucdenver.edu to request a GMAT waiver.

For the MS Global Energy Management (GEM) program ONLY, the GMAT will be required on a case by case basis based upon work experience in the Energy sector. For questions about the GEM program, please contact GEM at gem@ucdenver.edu.

If you are currently a CU Denver undergraduate student with an Accounting or Information Systems emphasis, or are a recent graduate of one of these programs, and are applying to a master’s degree in the same field as your undergraduate emphasis, you may be able to bypass the GMAT admission test requirement.
