DENVER’S BUSINESS SCHOOL
The future of business education for the Rocky Mountain region is here, at the Business School at the University of Colorado Denver. Located in Denver’s vibrant downtown, the Business School’s programs and curriculum keep pace with the needs of students and businesses in the region and beyond. Flexible class schedules, AACSB accreditation, and a focus on real-world application make the Business School a top choice for business undergraduates. Graduates leave with skills and knowledge that prime them for careers of significance.

FINANCIAL MANAGEMENT MAJOR OVERVIEW
A career in finance requires analytical skills, a quantitative orientation, a knack for problem solving, computer literacy, and an international awareness. Positions in financial management cover a wide range from financial analyst, to cash manager, risk manager, treasurer, or chief financial officer. The curriculum is particularly well suited for career opportunities such as corporate financial management, and business positions that combine finance and accounting.

PUT YOUR EDUCATION INTO ACTION
When hiring new college graduates, businesses look for more than a basic knowledge of business. They need people who are ready to seize an opportunity and get to work. The Business School offers you the opportunity to excel in these areas through experiential learning. Internships and other real-world experiences provide you additional skills and knowledge outside of the classroom.

All undergraduate students in the Business School are required to fulfill an experiential learning requirement. This requirement may be filled by completing one of the following:

› Internship
› Study abroad
› Service learning course
› Project-based course

FINANCIAL MANAGEMENT CAREER OPTIONS
- Financial Analyst
- Cash Manager

Participate in field study trips such as a Risk Management and Insurance study abroad Maymester trip. See the Study Abroad website for opportunities. ucdenver.edu/studyabroad.

Many students consider pursuing a second major in business in addition to the Financial Management major. For this reason, you may be interested in a combined program leading to the completion of majors in two fields. You can obtain a second major with as little as 12 credit hours. See an advisor for details.

Financial Management emphasizes both finance and accounting which gives you the background necessary to succeed. You gain knowledge of corporate financial management, financial institutions and markets, investments, financial and managerial accounting, and information technology.
