**RISK 1000: Introduction to Risk Management and Insurance Careers**

**Course Description:** This course introduces students to the many and varied career opportunities in the risk management and insurance industry via visiting industry professionals and on site industry visits. The course meets 1 hour each week. It is pass/fail.

**RISK 3809: Introduction to Risk Management**

**Course Description:** This course introduces students to the fundamentals of risk and risk management for businesses and individuals. Corporate risk management techniques covered range from insurance to enterprise risk management. Personal risks discussed range from unemployment to retirement. Insurance carrier operations are also considered.

**RISK 4129: Practical Enterprise Risk Management**

**Course Description:** Enterprise risk management involves identifying the risks and opportunities faced by a firm, assessing them, developing and implementing a plan to address them, and then monitoring progress. In this course, students will learn the basics of ERM while working with risk management professionals to develop and present such a plan to an ongoing business.

**RISK 4509: Global Risk Management**

**Course Description:** This is a unique 3-week international intensive course offered during Maymester, including a visit to London. It is a distinctive immersion to explain how risk is transferred globally, through standard insurance markets, surplus lines markets, Lloyds of London and reinsurers.

**RISK 4609: Claims Management**

**Course Description:** This course will provide an overview of the claims process in the Property and Casualty Insurance world. Students will learn about basic claims handling for personal and commercial claims as well as how to determine coverage and legal issues.

**RISK 4809: Property & Casualty Insurance**

**Course Description:** Students learn the fundamentals and uses of personal and commercial property and casualty insurance, including cost and pricing issues. Insurance company financial management and current trends in the insurance industry are also explored.

**RISK 4909: Corporate Risk Management**

**Course Description:** This course provides an overview of the corporate risk management process. It considers the ways companies identify their risk exposures, the tools used to measure and mitigate those exposures including the latest developments in alternative risk transfer, and ultimately, how risk management adds value to the firm.

**RISK 4950: Special Topics: Cyber Risk & Cyber Warfare**

**Course Description:** The course surveys an array of popular employee benefit programs to attract, protect, and retain valued employees. It also focusses on risk management programs that invest in human capital and address the downside risks of employing a workforce.

**RISK 3949: Experiential Learning with the Risk Management and Insurance Industry**

**Course Description:** This course connects students to risk management service providers through the Risk Management and Insurance (RMI) Program. The students will intern with a specific provider. The RMI program and faculty will supervise and monitor tasks and assignments, and coordinate with the providers to maximize the learning experience.
