Copy of CPR card, license and proof of malpractice insurance due no later than April 6, 2012.
Local Anesthesia Course for the Dental Hygienist

The Colorado Dental Practice Act was one of the first that allowed dental hygienists to administer both block and infiltration local anesthesia. The practice act states that it must be administered under the direct supervision of a dentist licensed in Colorado and specific training requirements must be met to receive a local anesthesia administration certificate from the Colorado Board of Dental Examiners.

Our 24-hour course in local anesthesia has been designed to comply with the educational requirements of the Rules and Regulations of the Dental Practice Act of Colorado as well as many other state boards including California and Wyoming.

Through lecture, demonstration, laboratory and clinical experiences, participants will learn the management of pain through the administration of local anesthetic agents.

This course is a must for those of you who have not successfully completed a 24-hour course in local anesthesia, including block anesthesia, as part of your accredited dental hygiene program or in a formal continuing education course by a sponsored ADA accredited school.

Detailed information on course preparation will be sent to you upon receipt of registration and will include guidelines for types of patients required during the last clinic session.

Tuition: $745
Registration Deadline: April 6, 2012
Textbook: *Handbook of Local Anesthesia* by Stanley Malamed, DDS
Participants are responsible for obtaining their own copy of the course textbook.
Location: Anschutz Medical Campus, Education 2 North, Aurora, Colorado
C.E. Credit: 24 hours

Prerequisites for this Course:
Copies of the following must accompany your registration:
- A copy of your current dental hygiene license
- A copy of your current CPR certification card
- Proof of malpractice insurance

Course Faculty
Lonnie Johnson, DDS, PhD
President’s Teaching Scholar
Professor and Chair of Periodontics
Department of Surgical Dentistry
University of Colorado School of Dental Medicine

Michael G. Savage, DDS
Professor and Chair of Oral Surgery
Department of Surgical Dentistry
University of Colorado School of Dental Medicine

Donna Stach, RDH, MEd
Professor
Department of Surgical Dentistry
University of Colorado School of Dental Medicine

Statement of Purpose and Policy
The Office of Continuing Dental Education at the University of Colorado School of Dental Medicine designates this activity for 24 continuing education credits.

Refund Policy
$75 of tuition payment (per registrant) is NON-REFUNDABLE unless the course is completely enrolled when the registration is received or the course is cancelled by the School of Dental Medicine. Refund of the remainder of tuition will be allowed only if refund request is received in writing TWO WEEKS PRIOR to course offering. The Office of Continuing Dental Education reserves the right to cancel a course if the need arises. A full refund will be made automatically if the course is not held. NO REFUNDS WILL BE MADE FOR NON-ATTENDANCE.

Refunds will be made automatically if the course is not held. NO REFUNDS WILL BE MADE FOR NON-ATTENDANCE.

Registrants are responsible for their own travel, lodging arrangements and expenses.

The University of Colorado School of Dental Medicine is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The University of Colorado School of Dental Medicine designates this activity for 24 continuing education credits.

Schedule

**Friday, April 20, 2012**
7:30 am – 8 am Pre-test on the Malamed text material (for course orientation purposes only)
8 am – 5:30 pm Lecture

**Saturday, April 21, 2012**
8 am – 5 pm Lecture & Clinical Practice
Attendees will serve as patients for one another

**Sunday, April 22, 2012**
8 am – 5 pm Clinical Practice
10 – 11 am Attendees will serve as patients for one another
1 – 4 pm Attendees will work on their own patients
4 – 5 pm Written course examination

Course Objectives:
At the conclusion of this course, you will be able to:
- Assess and treatment plan local anesthesia injections taking into account the patient’s medical status, dental treatment needs and anatomy, the pharmacology of drugs available and armamentarium.
- Safely and effectively administer local anesthetic injections - both infiltrations and blocks
- Evaluate the effectiveness of the local anesthesia and both recognize and appropriately manage any complications.
