2017 Patient-Family Experience Annual Awards

At Children’s Hospital Colorado, we’re committed to treating patients and families with dignity, compassion and respect. These efforts show in our patient and family experience scores, which have improved every year since 2008.

Each year we recognize hospital units, clinics and providers with outstanding patient-family experience survey results. With combined ratings of 9 and 10 on 85 and 90 percent of surveys, these individuals and teams truly raise the bar of care.

In addition to the award winners we will be honoring the Patient-Family Experience Team Leaders as well as our Family Advisory Council Chairs.

We invite you to celebrate with us and honor our 2016 awardees, listed below, at our annual luncheon.

Congratulations to all the winners!
