Analytics in Decision-Making: What is happening at Anschutz?

Analytics of ‘big data’ is changing patient care, research, and education.

Come learn at four workshops this fall:
12:00pm – 1:00pm:

The Basics – Oct 4
Research with Patient “Big Data” – Oct 11
Learners, Learning, Life & Analytics – Oct 18
Personalized Medicine – Nov 1

The campus leaders and trailblazers that will be presenting are:

Dr. Amos Bailey – Dr. Kathleen Barnes
Dr. Marilyn Coors – Dr. Janet Corral – Dr. Michael Kahn
Dr. David Kao – Dr. Lisa Schilling

RSVP as lunch will be provided

Analytics in Decision-Making: An Introduction

How is ‘big data’ changing patient care, research, and education?

Come learn the basics in a friendly discussion with leaders on campus. This workshop will cover definitions, concepts and examples, including the great work happening on Anschutz campus.

Oct 4
12:00pm-1:00pm
Krugman Conference Hall

Dr. David Kao – Analytics in health care
Dr. Amos Bailey – Lessons learned: A Humanistic response

RSVP as lunch will be provided

Analytics in Decision-Making: Research with Patient “Big Data”

Some clinical research is being transformed by analyzing large patient data sets. Come learn about projects at Anschutz; discuss training considerations; and discuss key issues such as privacy, access, and consent.

Oct 11
12:00pm-1:00pm
Library Reading Room

Dr. Lisa Schilling – “Big Data” Clinical Research
Dr. Michael Kahn – Data & Our Career Futures

RSVP as lunch will be provided

Analytics in Decision-Making: Learners, Learning & Life

The idea of using student data to predict performance is alluring. This session will address the opportunities and realities in aggregating, analyzing and applying student data to better understand learners, learning & student life.

Oct 18
12:00pm-1:00pm
Library Reading Room

Dr. Janet Corral – Examples, Opportunities, Challenges & Realities of Student Data in Health Professions Education

RSVP as lunch will be provided
http://tinyurl.com/j2qk9m9
Analytics in Decision-Making: Personalized Medicine

Some clinical research and patient care is being transformed by analyzing large patient data sets. Come learn about projects at Anschutz, changing role of the health care practitioner, and bioethics considerations.

Nov 1
12:00pm-1:00pm
Fulginiti Pavilion

Dr. Kathleen Barnes – What is Personalized Medicine?
Dr. Marilyn Coors – Considerations and Issues from the perspective of the Humanities

RSVP as lunch will be provided
