Ethics Grand Rounds

Ethical Issues in the Clinical Implementation of Pharmacogenomics

Christina Aquilante, Pharm.D., FCCP Professor
Department of Pharmaceutical Sciences
University of Colorado Skaggs School of Pharmacy and Pharmaceutical Sciences

Marilyn Coors, PhD
Associate Professor of Bioethics and Genetics, Center for Bioethics and Humanities

Thursday November 8, 2018 from Noon-1:00pm
University of Colorado Hospital–Anschutz Outpatient Pavilion; Rm. 2005-6

Learning Objectives:

1) Describe key features of pharmacogenomics and its role in health care.
2) Discuss different pharmacogenomic implementation models, with a focus on the UCHealth PICColo pilot project.
3) Through the use of case-based scenarios, identify and analyze ethical issues associated with pharmacogenomics.

CME CREDIT OFFERED
The University of Colorado School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
The University of Colorado School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in this activity.
