Please join your Stroke Team Providers for a Holiday Party!

Tuesday, December 3rd: 5:30—7:30 pm

University Physicians Inc. Building Cafeteria: 13199 E. Montview Blvd, Aurora, CO 80045

We plan to serve a nice dinner and decorate sugar cookies. There will even be a special guest (Santa and his elves!).

The Pediatric Stroke Team is working on submitting a new grant to receive funding that involves creating a new questionnaire for pediatric stroke patients, their parents, and their families to complete prior to their visit to stroke clinic. Our hope is that this new pediatric stroke-specific questionnaire will help your providers better understand your needs and goals at each visit. It will also help us evaluate the progress your child is making in their recovery. If you are interested in helping us with this project, please look out for a “Focus Group” email invitation soon. Our focus groups are tentatively scheduled for Wednesday, January 15th, Saturday, January 18th, Thursday, January 23rd, and Saturday January 25th. We hope to learn more about your priorities, needs, etc. during these focus groups in order to create a comprehensive questionnaire.

If you or someone you know is looking for a great nonprofit to donate to, please keep the Colorado Pediatric Stroke Program in mind! You can choose where your money goes: clinic, research, support group, or another area of your choice. Contact Molly Mills, Patient Philanthropy Ambassador of the Children’s Hospital Colorado Foundation to find out how!

TEENS! Please look out for an invitation for a get-together sometime in the new year.
