1. Briefly summarize your quality improvement project (5-6 sentences).

2. Please describe the insights you have gained from doing this project with respect to:
   a. Engaging key stakeholders (i.e., who were the care team members that were part of the effort)?
   b. Your role as an intern/resident doing QI work?
   c. The role of quality improvement in healthcare in general.

3. What lessons can others learn from your QI initiative?
