Special Guest & Grand Rounds Presentation/Panel Discussion

Tracking of an Emergent Epidemic: Behind the Scenes of Ebola

Presented by
Rupa Narra, MD
Current CDC EISO (Epidemic Intelligence Service Officer)
Centers for Disease Control and Prevention, Atlanta, Georgia

Friday, October 31, 2014
Children's Hospital Colorado
Mt. Oxford Auditorium
2nd Floor Conference and Education Center
13123 E. 16th Avenue, Aurora, Colorado
12:00 p.m. – 1:30 p.m.*

Participants will learn about the background and history of the current Ebola outbreak in West Africa including the clinical case definitions, clinical presentation, routes of transmission, and impact on children.

*This 45 minute presentation will begin at 12:00 p.m. followed by a brief presentation of our preparedness at Children’s Hospital Colorado and then a panel discussion – finishing at 1:30 p.m.

Target Audience
Healthcare professionals who care for children including community and hospital-based physicians, physician assistants, RNs, allied healthcare providers, residents, fellows, and medical students.

Continuing Medical Education (CME) Credit:
Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Children’s Hospital Colorado designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Dr. Rupa Narra is an Epidemic Intelligence Service Officer at the Centers for Disease Control and Prevention who recently worked as part of an Ebola Response Team in Guinea. During her deployment in Guinea, she supported efforts to improve data management, contact tracing, and infection control at local health structures. She also worked with the CDC Ebola Medical Care Task Force to develop and conduct a training course at a FEMA site in Alabama for clinicians intending to provide medical care to patients in an Ebola Treatment Unit in West Africa.

Dr. Narra is a board certified pediatrician who completed her pediatric residency at University of Colorado School of Medicine and Children’s Hospital Colorado. Prior to joining the CDC, she worked with MSF/Doctors Without Borders for 4 years. She has worked in Kenya, Haiti, South Sudan, India, and Central African Republic and has clinical experience with mass casualty response; pediatric emergencies; refugee health; malnutrition; and infectious, tropical, and vaccine-preventable diseases.
