Ongoing Educational Programs

Regularly Scheduled Series
These Regularly Scheduled Series (RSS) discuss current research, new therapies, challenging cases and implications related to current and future practice.

Some of the RSSs are video-conferenced. It is important to be added to department specific contact lists to receive the RSS schedule, inquire about video conference capabilities, CE credit, and receive related updates. For additional information, contact alexandria.wilkinson@childrenscolorado.org.

- Cardiac ECHO

- Pediatric Grand Rounds
- Pediatric Mental Health Institute Grand Rounds
- Trauma Lecture Series

Colorado Children’s Immunization Coalition (CCIC)
Education Series
Various dates and locations • Colorado (CE credit TBD)

CCIC is dedicated to keeping Colorado kids healthy by building awareness for vaccines, educating health care providers and advocating for policies that protect children with the goal of increasing childhood vaccination rates. Educational sessions focus on immunization hot topics and best practices, updates on vaccine preventable diseases, immunization policy, vaccine safety, new vaccine research and communicating about vaccines with parents and the public. CCIC will host the 2018 CDC’s “Pink Book” Course: Epidemiology and Prevention of Vaccine-Preventable Diseases in the Denver Metro area, September 11 – 13, 2018.

For Further Information
Most conference brochures will be available two-four months before the event at childrenscolorado.org/ce.

Contact Children’s Hospital Colorado, Medical Education at 720-777-5004 for questions.

Emergency and Trauma Outreach Symposia
2018 • Durango, CO, Steamboat Springs, CO (other locations TBD) (CME, CNE and EMS credit)

These symposia offer physicians, nurses, pre-hospital providers and other healthcare team members the latest guidelines for pediatric practice through patient-centered presentations. Our team takes experts from Children’s Hospital Colorado on the road to provide the latest evidence-based information to healthcare providers throughout the region.
2018 Continuing Education Calendar
Children's Hospital Colorado

JANUARY
17th Biennial Eliza Fernie Pediatric Critical Care Symposium
January 23-24 • Aurora, CO (CME credit)
This symposium is designed to provide evidenced-based critical care updates for nurses, respiratory therapists and other interested healthcare professionals. Attendees will be able to share clinical updates and resources regarding neonatal, cardiac and pediatric critical care diagnoses, trends and innovations with their colleagues, patients and families.

Pediatric Emergency Medical Services Conference
January 25-26 • Aurora, CO (EMS credit)
This is the largest pediatric EMS conference in the region and is designed for EMS providers and others that care for children in an emergent setting. As a certified EMS Training Group, Children's Hospital Colorado offers this conference to address a variety of pediatric urgent and emergency care issues and conditions.

FEBRUARY
4th Annual Christopher Ward Neuroscience Nursing Conference
February 2 • Aurora, CO (CNE credit)
This conference is specifically for nurses and other interested healthcare professionals that care for children with conditions affecting the brain, spine and peripheral nervous system. It will provide clinical updates and current management strategies that have the potential to enhance the care of this growing, complex patient population.

8th Annual Pediatric Advanced Practice Conference
February 5-6 • Aurora, CO (AAFP credit, CNE credit through University of Colorado College of Nursing)
This annual conference, with support from the Rocky Mountain Chapter of the National Association of Pediatric Nurse Practitioners (NAPNAP), addresses clinical updates in evidence-based care for a variety of diagnoses and professional issues related to practice for advanced practice providers through keynote addresses, panel presentations, plenary sessions and concurrent workshops.

MARCH
Inaugural International Craniofacial Morphometrics Symposium
March 1-2 • Vail, CO (CME credit)
Pediatric and adult cranio-maxillofacial surgeons and researchers in the field of 3D Craniofacial Morphometrics across the United States and Canada will have the opportunity to collaborate, share information, discuss morphological outcome measures and further advance improvements in patient care.

Ehlers-Danlos Syndromes and Associated Conditions: Improving Diagnosis and Treatment for all Ages
March 2-3 • Aurora, CO (CME credit March 2nd only)
Please join us for the opportunity to learn about Ehlers-Danlos Syndromes and a associated disorders from national leaders in the field. March 2nd is geared for adult and pediatric primary care and sub-specialty providers. March 3rd will address patient and family education.

36th Annual North American Burn Society (NABS) Conference
March 10-15 • Steamboat Springs, CO (CME credit)
NABS is a professional society in which physicians, scientists, and burn and wound care professionals meet in a relaxed forum for the presentation of topics pertinent to all burn and wound healthcare professionals.

Ethics Conference
Enhancing the Ethical Climate: Advanced Communication Skills and Family Engagement
March 16 • Aurora, CO (CME and CNE credit)
This year's inquiry will feature examination of communication challenges which arise between clinical teams, across in-patient and out-patient care settings, and with families. As George Bernard Shaw said, "the single greatest problem in communication is the illusion that it has taken place." Frequently what is said, what is meant and what is heard are very different messages. This year's conference will provide opportunities to adopt new skills and engage communication strategies to prevent or resolve conflict.

APRIL
Pediatric Organ and Tissue Donation: A Partnership for Life
April 3 • Aurora, CO (CNE credit)
Nurses, respiratory therapists, social workers, chaplains and other interested healthcare professionals in critical care, emergency departments and perioperative areas are invited to learn about the pediatric organ and tissue donation process from referral through recovery. This conference is supported by Donor Alliance.

11th Annual Reach the Peak Asthma Educator-Certified (AE-C) Prep Course
April 11-12 • Aurora, CO (CNE and CRCE credit)
The AE-C Prep Course is facilitated by leading experts in their field and includes lecture, case scenarios, device demonstration, spirometry training and small group strategizing for pediatric and adult practice improvement. This two-day comprehensive course will prepare participants to improve asthma care in their practice while equipping them to successfully complete the National Asthma Educator Certification Board AE-C exam.

APRIL (continued)
American Academy of Pediatrics Colorado Chapter Annual Conference
April 13 • Aurora, CO (CME credit)
The AAP Colorado Chapter conference provides state-of-the-art reviews of selected pediatric topics for pediatricians, family practitioners and other healthcare professionals who care for infants, children and youth.

Audiology, Speech, and Learning Conference
Building the Capacity for Conversation in Young Children with Autism Spectrum Disorder
April 19 • Aurora, CO (ASHA credit)
This conference featuring Patrick J. Rydell, EdD, CCC-SLP, Founder and Director of the Rocky Mountain Autism Center and Autism on Call, LLC, will assist professionals with how best to prepare children to be successful in conversations. In addition, the developmental progression from early childhood through adolescence regarding the foundations of conversation and its relationship to core challenges and learning style in children with ASD will be discussed. Speech-language pathologists, learning specialists, special educators, psychologists and teachers will find the information and networking invaluable.

Children's Orthopedic Day
April 20 • Aurora, CO (CME credit)
This conference brings together distinguished visiting faculty within the field of orthopedics. The day is designed with lectures and research case presentations of interest to surgeons, researchers and other healthcare professionals whose practice includes orthopedic disorders.

63rd Workshop for the Surgical Treatment of Colorectal Problems in Children
April 25-27 • Aurora, CO (CME credit)
This workshop is designed for pediatric surgeons, urologists, gynecologists, gastrointestinal and pediatric nurses managing patients with colorectal issues. Each day live operative demonstrations will highlight the most important surgical and technical maneuvers to be performed during the repair of anorectal malformations and Hirschsprung's disease.

MAY
The Rosenberry Conference
Latest Trends in Youth Suicide Prevention
May 4 • Aurora, CO (CME and LCSW credit)
The Rosenberry Conference, an annual event held in honor of Walter S. Rosenberry, III, provides an opportunity to recognize and honor those individuals who have made significant contributions to the field of psychology and behavioral sciences. Prominent visiting faculty address topics of interest for pediatric and adolescent mental health professionals.

39th Annual Perinatal Clinical Update
May 10-11 • Aurora, CO and Video Conference Sites (CME and CRCE credit)
This perinatal conference reviews aspects of assessment, stabilization and acute care of the high-risk pregnant woman, fetus and newborn infant within clinical cases, parent perspectives and evidence-based information. Perinatal nurses, advanced practice providers, respiratory therapists and other healthcare professionals working in prenatal care, OB/ICU, Mom/Baby and NICU environments will find the conference and networking opportunities invaluable.

10th Annual Gregor Stoddard Visiting Professorship in Neonatology
May 16 Neonatal Noon Conference 12:1 to 1 p.m. • Aurora, CO (CME credit)
May 18 Pediatric Grand Rounds 12:30 to 1:30 p.m. • Aurora, CO (CME credit)
Recognized experts present evidence-based research and clinical practices in neonatology and pediatrics at these events to an interprofessional audience.

JUNE
Fetal Echocardiography Preceptorship Program
June 7-8 • Aurora, CO (CME credit)
This preceptorship covers the evaluation of structural and functional cardiac anomalies and arrhythmias, provides demonstrations of scanning technique and presents interactive case studies.

34th Annual Community and School Health Pediatric Conference and Pediatric Telephone Triage
June 14-15 • Aurora, CO and Video Conference Sites (CME credit)
Infants, children and youth with increasingly complex health needs continue to transition back to their communities. This conference emphasizes an integrated approach to care among family, community and healthcare teams through case-based presentations, thoughtful provocing discussions and an optional Lunch 'n Learn. Pediatric and call center nurses, advanced practice providers, therapists, social workers, mental health counselors, care coordinators, case managers, child care providers, teachers and others assisting children with continuing healthcare needs and their families in hospital, ambulatory, telephone triage, community health, public health, school, child care and home settings, are encouraged to attend.
9th Annual Neonatal Advanced Practice Conference
June 21 - 22 • Aurora, CO and Video Conference Sites (CNE credit)

This annual conference provides current, in-depth clinical information for practice strategies related to the anticipation, recognition, assessment, stabilization, and acute and long-term care of the neonate. The educational sessions are designed for neonatal nurse practitioners, physicians, physician assistants, NICU nurses and other healthcare professionals caring for neonates and their families.

18th Biennial International Symposium on Pediatric Neuro-Oncology
June 29 - July 3 • Denver, CO (CME credit)

This international meeting brings together the world’s leaders in the care of central nervous system (CNS) tumors. It targets people in all of the clinical, basic science and translational realms. Oncologists, neurosurgeons, radiation oncologists, neurologists, nurses, basic and translational laboratory researchers, neuropathologists, neuroradiologists, endocrinologists, psychologists, and social workers share their progress in diagnosis, treatment, rehabilitation and overall care of children with central nervous system (CNS) tumors, in a truly dynamic meeting.

JULY

Western Pediatric Trauma Conference
July 18-20 • Park City, UT (CME, CNE and EMS credit through Primary Children’s Hospital)

This conference features nationally renowned faculty representing specialists in the fields of pediatric trauma, the pediatric surgical sub-specialties, critical care, emergency medicine and pre-hospital care.

3rd Biennial Dravet Syndrome Foundation Professional Conference and Family Education
July 20-22 • Aurora, CO (CME credit July 20-21 only)

This conference offers a unique opportunity for families affected by Dravet syndrome and the medical professionals who care for these patients to better educate themselves on current research and best care practices. It will also offer forums that bring stakeholders together to identify areas of concern for this population and discuss next steps to address these issues both clinically and through research. The Family and Patient Education Day on July 22nd will highlight sessions on daily care and management.

36th Annual Pediatric Infectious Diseases Conference
July 29-August 3 • Vail, CO (AAPFP and CME credit)

This conference examines topics of interest to general pediatrics, family practitioners and infectious disease specialists. Speakers selected for their specialty interest, reputation, communication skills and enthusiasm will cover up-to-date information on pediatric infectious diseases that attendees will be able to share with their colleagues.

AUGUST

4th Annual Clinical Research Symposium
August 17 • Aurora, CO (CME and CNE credit)

The Research Symposium is designed to build a hospital-wide research community and to educate and engage those involved in research including investigators, junior investigators, investigators in training, clinical research nurses, research coordinators, research assistants and other interested staff. Attendees will share the resources provided by the Research Institute and its Partners to assist Investigators Teams in the execution of research protocols.

SEPTEMBER

2nd Annual Pediatric Echocardiography Review
September 7-9 • Aurora, CO (CME credit)

The focus of this review will be on how to image a neonate or pediatric patient in emergency situations. The segmental approach to congenital heart disease, tips and tricks for imaging the pediatric population, a review of common and unique pathologies and supervised hands-on scanning of pediatric patients by attendees will be offered. Adult sonographers, cardiac fellows and sonographers wanting increased exposure to pediatric echocardiography are encouraged to participate.

41st Annual L. Joseph Butterfield Perinatal Conference
September 10 (evening)-11 • Aurora and Video Conference Sites (CNE and CRCE credit)

The evening presentation and next-day conference addresses topics pertinent to maternal/fetal, neonatal and follow-up care for nurses, advanced practice providers, physicians, respiratory therapists and other maternal/child health professionals practicing in a variety of roles and settings throughout Colorado, Wyoming and the surrounding region.

Colorado Children’s Immunization Coalition (CCIC) CDC’s “Pink Book” Course:
Epidemiology and Prevention of Vaccine-Preventable Diseases
September 11-13 • Aurora, CO

Faculty from Centers for Disease Control and Prevention’s (CDC) National Center for Immunization and Respiratory Diseases will provide comprehensive reviews of immunization requirements, as well as vaccine-preventable diseases and the recommended vaccines to prevent them. The three courses will feature the most up-to-date immunization information from the Advisory Committee on Immunization Practices (ACIP). The courses are designed for anyone seeking the most comprehensive and current knowledge of immunization, including physicians, nurses, medical assistants, pharmacists, immunization providers, program managers, and nursing and medical students. Up to 19 hours of continuing education credits will be available at course completion through the CDC’s Training and Continuing Education Online System.

Breathe Better Conference
September 12 • Aurora, CO (CME credit)

Through lectures and working groups, this conference will help clinicians, researchers and public health professionals increase understanding of factors that impact lung health trajectory across the lifespan. Attendees will develop specific changes in practice to promote the maintenance of lung health through childhood and early adulthood.

7th Annual Partners in Pediatric Surgical Care
September 19 • Aurora, CO (CME and CNE credit)

The annual Partners in Pediatric Surgical Care conference presents and discusses complex surgical issues that can have profound outpatient ramifications for primary care providers and staff. This program is of interest to physicians, physician assistants, nurse practitioners, nurses and other healthcare professionals working in inpatient and primary care settings.

25th Annual Abby Stoddard Lectureship in Child Neurology
September 20-21 • Aurora, CO (CME credit)

Case discussions, presentations in pediatric neurology featuring recognized experts are incorporated in this two-day lectureship for all providers caring for the pediatric population with developmental delay and/or neurological conditions. Dr. Jonathan W. Mink, MD, PhD, Frederick A. Horner Endowed Professor in Pediatric Neurology, Chief of Pediatric Neurology and Vice-Chair of Neurology, Rochester, NY, will be the featured presenter.

10th Annual Nursing Research and Evidenced-Based Practice
Poster Fair
September 27 • Aurora, CO (No CE credit)

 Held in conjunction with the annual O’Neil Pediatric Clinical Update, this Poster Fair at Children’s Hospital Colorado, Anschutz Medical Campus, illustrates and celebrates Nurses’ “spirit of inquiry” related to evidenced-based practice, education, quality improvement and research.

27th Annual O’Neil Pediatric Clinical Update
September 26-27 • Aurora, CO and Video Conference Sites (CNE credit)

This conference, held in conjunction with the Nursing Research and Evidenced-Based Practice Poster Fair, focuses on assessment and management of common pediatric conditions in hospital, ambulatory and community settings. Interprofessional participation is encouraged for RNs, advanced practice providers, child life specialists, therapists, unlicensed assistive personnel, social workers, EMS providers and others interested in improving the care of infants, children and youth.

7th Annual Clinical Concepts and Conundrums in Pediatric Hospital Medicine
September 28 • Aurora, CO (CME and CNE credit)

This course is designed for all health care professionals who participate in pediatric care and management. A case-based format will be used to review and discuss the clinical etiology, diagnosis and management of critically ill infants and children.

Fetal Echo Preceptorship Program
September 28-29 • Beaver Creek, CO (CME credit)

Held in conjunction with the 3rd Annual Colorado Fetology Conference (below), this preceptorship covers the evaluation of structural and functional cardiac anomalies and arrhythmias, provides demonstrations of scanning technique and presents interactive case studies.

3rd Annual Colorado Fetology Conference
Innovations and Controversies in Fetal Care
September 28-29 • Beaver Creek, CO (CME credit)

Advances and innovation in ultrasound, fetal echocardiography and fetal MRI have driven the development of fetal interventions, including myelomeningocle, twin-twin transfusion syndrome, congenital diaphragmatic hernia and bladder outlet obstruction, among a growing list of indications. This event provides the Fetal Echo Preceptorship Program (above), a forum to foster an exchange of experiences, expertise, innovative ideas, and current and ongoing research that allow attendees to draw on the experiences of leaders and innovators advancing the field.

Annual Pediatric Urology and Nephrology Care Conference
September 28-30 • Colorado Springs, CO (CME and CNE credit)

Through lectures and clinical cases, this conference enhances the knowledge and skills necessary for primary care providers to care for patients with common pediatric urological and nephrological problems. Updated information is provided on the initial management and when specialized pediatric urological and nephrological care is needed.

OCTOBER

Preparation Course for the Pediatric Critical Care RN Certification Exam
October 4-5 • Aurora, CO (CNE credit)

This course covers a broad area of practice, based on the Synergy Model, and is recommended for nurses practicing in pediatrics, pediatric intensive care and pediatric emergency care who desire to take the Pediatric CCRN examination offered by the American Association of Critical Care Nurses (AACN). All materials and information required for participants to register and complete the examination will be provided, including test-taking strategies and a study guide with practice questions. Nurses are expected to pass the examination.

Pediatric 3D Echocardiography 2018: Beyond Pretty Pictures
October 5-6 • Aurora, CO (CME credit)

This workshop will provide a detailed review of the clinical applications of 3D echo in the evaluation of pediatric congenital and acquired heart disease. It will address assessment of structural pathology, evolution & mechanisms of valve failure, myocardial function, fusion imaging and 3D echo guidance on catheter interventions. Attendees will learn in practical clinical applications of 3D echo in pre- and post-surgical assessments and planning. Future directions in this exciting and rapidly evolving field will also be explored.

Burn Update
October 10 • Aurora, CO (CNE and EMS credit)

Jointly provided by Children’s Hospital Colorado and UC Health, University of Colorado Hospital, this update is recommended for all healthcare professionals who care for patients with burn-related injury.

7th Annual Update in Clinical Nutrition
October 19 • Aurora, CO and Video Conference Sites (CME and RD/DTR credit)

This annual conference is focused on new literature and best practice approaches in providing nutrition for children. The diverse lecturers will address multidisciplinary approaches to childhood obesity and pediatric bariatric surgery.

10th Annual Conference on Pediatric Acute Illness and Injury
October 22 • Aurora, CO (CME and CNE credit)

Education regarding state-of-the-art evaluation and treatment of acute medical and surgical conditions commonly encountered in the pediatric urgent care setting is provided. This program is of interest to physicians, physician assistants, nurse practitioners and other health professionals who manage acute illness and injury.
OCTOBER (continued)

Hot Topics in Adolescent Medicine
October 26 • Aurora, CO (CME credit)
This conference addresses current hot topics in adolescent care and is jointly provided by Rocky Mountain Society of Adolescent Health Medicine. Multi-disciplinary professionals caring for teens, including physicians, physician assistants, nurse practitioners, nurses, social workers, psychologists and other allied health professionals are invited.

NOVEMBER

Pediatric Infectious Diseases in Colorado: Update 2018
November 7 • Aurora, CO (CME and AAFP credit)
This conference provides updates on pediatric infectious disease issues that have direct relevance to physicians, child health associates, physician assistants and nurse practitioners.

6th Annual William K. Frankenburg Lectureship
November 9 • Aurora, CO (CME credit)
Recognized experts in the field of community-focused developmental and behavioral pediatric problems will lead this interactive workshop that includes presentations and case discussions.

Colorado Pediatric Trauma Conference
November 14-15 • Aurora, CO (CME, CNE and EMS credit)
Providing education for state-of-the-art care of the pediatric trauma patient, this conference will be of interest to physicians, nurses, nurse practitioners, physician assistants, respiratory therapists, EMS providers and aeromedical personnel. Enhanced knowledge of pertinent clinical conditions through evidence-and-case-based presentations and identification of available resources for pediatric trauma care are expected outcomes.

5th Annual Advanced Care of the Young Athlete Symposium
November 16 • Aurora, CO (BOC and CME credit)
Focusing on the acute management of orthopedic conditions and sports-related injuries, the goal of this conference is to enhance patient care, increase knowledge and improve skills of providers through lectures and hands-on workshops. Clinical issues that face the primary care provider’s daily practice will be addressed.

Standardized Courses

Visit the Life Support Training website for course dates and descriptions, requirements and registration at www.childrenscolorado.org/LST.

Advanced Cardiac Life Support (ACLS) Provider Course
2018 course dates below • Aurora, CO (AAFP credit pending)

Advanced Cardiac Life Support (ACLS) Renewal Course
2018 course dates below • Aurora, CO (No CE credit)
January 8, February 5, March 5, April 2, May 7, June 4, July 9, August 6, September 4, October 1, November 5

Advanced Cardiac Life Support (ACLS) HeartCode™ Renewal Skills Check Off
2018 course dates below • Aurora, CO (CME, CNE and EMS credit through AHA)
January 29, February 26, March 26, April 30, May 29, June 25, July 30, August 27, September 24, October 29, November 26

Emergency Nursing Pediatric Course (ENPC)
2018 course dates below • Aurora, CO (CNE credit from ENA)
February 12-13, June 4-5, November 5-6

Neonatal Resuscitation Program (NRP) Provider Course
2018 course dates below • Aurora, CO (CME, CNE, CRCE and EMS credit through AAP for online exam)
January 16, February 14, March 14, April 20 and 27, April 3, 11 and 17, May 1, 16 and 30, June 12 and 26, July 18, August 7 and 21, September 12, October 17 and 30, November 14

Pediatric Advanced Life Support (PALS) HeartCode™ Provider Course
2018 course dates below • Aurora, CO (CME, CNE and EMS credit through AHA)
January 17, February 14, March 14, April 13, May 25, June 13, July 18, August 15, September 12, October 10, November 29

Pediatric Advanced Life Support (PALS) HeartCode™ Renewal Skills Check Off
2018 course dates below • Aurora, CO (CME, CNE and EMS credit through AHA)
January 10, February 7, March 7, April 4, May 2, June 6, July 11, August 8, September 5, October 3, November 27

Pediatric Advanced Life Support (PALS) Provider Classroom Course
2018 course dates below • Aurora, CO (AAFP credit pending)
January 22-23, February 20-21, March 19-20, April 17-18, May 21-22, June 19-20, July 24-25, August 21-22, September 17-18, October 23-24, November 19-20

Pediatric Advanced Life Support (PALS) Renewal Classroom Course
2018 course dates below • Aurora, CO (No CE credit)
January 12, February 9, March 9, April 25, May 9, June 8, July 13, August 10, September 7, October 12, November 26

Trauma Nursing Core Course
2018 course dates below • Aurora, CO (No CE credit)
March 12-13, July 9-10, December 10-11
