Honoring an Enduring Legacy

The Frankenburg-Camp Endowed Fund honors the pioneering leadership of Dr. William K. Frankenburg, who made developmental screening an integral part of pediatric practice throughout the world.

The Fund supports research, training and advocacy for early identification and prevention of developmental disorders in otherwise normal children at risk of becoming environmental casualties.

**Initial supported activities include:**
- The appointment of the William K. Frankenburg Research Professor
- An annual Frankenburg-Camp Lectureship and visiting professorship by a leading authority in the field
- Planning a new curriculum in normal development for medical students and pediatric residents

**Generously established**
The Frankenburg-Camp Endowed Fund was created by contributions from the Frankenburg-Kessel families, Bonnie W. Camp, MD, PhD, and others. Additional contributions are being sought to increase the impact of this program.

**Children’s Hospital Colorado**
Children’s Hospital Colorado has defined and delivered pediatric healthcare excellence for more than 100 years. Founded in 1908, Children’s Colorado is a leading pediatric network entirely devoted to the health and well-being of children.

---

Supporting research, training and advocacy in developmental and behavioral pediatrics at Children’s Hospital Colorado and the University of Colorado School of Medicine.
Dr. William K. Frankenburg

An internationally recognized pioneer in the field of child development and pediatric preventative care.

*Dr. William Frankenburg developed the Denver Development Screening Test* with Josiah Dodds, PhD, in 1973, to encourage early identification of children with developmental problems by health professionals, as well as professionals in education and social services. Released as *the Denver II* in 1992, it has been adapted for use throughout the world.

Dr. Frankenburg received his M.D. from Temple University (1957) and completed a residency at Johns Hopkins Hospital and a fellowship in Child Development and Psychosocial Aspects of Pediatrics at Yale University Medical School. In 1964, he joined the faculty of the University of Colorado Medical School in the department of Pediatrics and Preventive Medicine. He served as Director of the John F. Kennedy Child Development Center from 1977 to 1985. In 1987, he earned an M.S. in Public Health from the University of North Carolina at Chapel Hill. In 1991, he was awarded the distinction of professor emeritus from the University of Colorado School of Medicine.

Dr. Frankenburg served as a consultant to UNICEF, the World Health Organization and governments and institutions around the world. He authored numerous publications and was the recipient of the 1974 US Senior Science Award from the Alexander von Humboldt Foundation, a Special Achievement Award from the American Academy of Pediatrics in 1986, and the 1992 C. Anderson Aldrich Award in Child Development.

Your Support Matters...

We hope you will consider making a donation to the Frankenburg-Camp Endowed Fund.

Not only would your gift be an investment in the children who stand to benefit from research in Developmental and Behavioral Pediatrics, but it would honor the legacy of Dr. Frankenburg and his colleague, Dr. Bonnie W. Camp.
