>Welcome!
You are invited to share your resources, products, services and information as an exhibitor at the 2018 International Conference on Innovations in Family Engagement, October 16-19, 2018 at the Vail Marriott Mountain Resort. The Conference on Family Group Decision Making (FGDM) and Family Engagement has been an annual event since 1997 that has served as an invigorating learning platform for thousands who have been engaged in the implementation of family meeting and engagement processes around the globe. In 2005, our team launched the Differential Response Conference, again attracting a global audience of innovators interested in restructuring and revamping the CPS system through the implementation of differential response. Over time, the topics, audiences, and interests of these two conferences began to converge. In addition, we believed that creating one seamless event that brings together the front- and back-ends of the child welfare system was a valuable pursuit. Therefore, beginning in 2015, we merged two of our annual conferences into this one event, the International Conference on Innovations in Family Engagement.

The goals of the conference are to:
- Create and share strategies that move best practices in family engagement from the margins to the mainstream.
- Build partnerships among various disciplines across countries.
- Share and analyze research and evaluations related to family engagement programs, practices and system reform efforts.
- Provide an opportunity for inclusive discussions and networking that foster and advance creative thinking about reforming child- and family-serving systems, programs, policies and research.

**Attendee Profile**
Our previous conferences have sported multi-disciplinary audiences who have represented numerous formal, informal and community systems. They typically come from over 35 States, many Canadian provinces, Tribes, and on average, six other countries. Specifically, target audiences include representatives from public and private child welfare agencies, including administrators, supervisors and caseworkers; family engagement specialists, such as coordinators and facilitators; partnering systems such as juvenile courts; and community providers, community members, evaluators, policy makers and advocates.
Exhibitor Information

Benefits
- Be part of the cutting edge in family engagement and child welfare with one conference registration included in your exhibitor package!
- Connect with creative thinkers who are working to improve policy and practice.
- Opportunities to network with individuals at a high quality event focusing on state, national and international issues.
- Convenient exhibit locations are designed to maximize attendee presence.
