PUBLICATIONS

PRESENTATIONS

2. Watchful Waiting/Active Surveillance for Prostate Cancer. Casperson, KJ. Department of Surgery Grand Rounds, Anschutz Medical Campus, Aurora, CO, November, 2008

4. Androgen Deprivation Therapy for Prostate Cancer. Hou, AH. Department of Surgery Grand Rounds, Anschutz Medical Campus, Aurora, CO, November, 2008

28. Erectile Function in a Rat Diabetic Model is Improved Using a Non-Viral Gene Delivery System Via Smooth Muscle and Endothelial Cell Proliferation. Carlsen

32. Pubovaginal sling using the transvaginal tape obturator system (TVT-O) for all types of SUI: 1 year follow-up. Myers J.B., Mandler T. and Flynn B.J. Annual meeting of the South Central Section of the American Urologic Association, Santa Fe, NM, October 2006.

39. Regulation of IL-6 expression in PC3 cells, a line of hormone refractory prostate cancer cells. Koul S., Johnson T., Maroni P.D., Meacham R.B, and Koul H. Abstr. #50, 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

42. An interesting case of hematuria. Myers J.B. Podium Presentation: 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005. (T-Leon Howard award for best clinical case)

43. An uncommon cause of bladder cancer. Myers J.B. T. Leon Howard Case Presentation. 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

44. Characterization of a mouse model for partial bladder outlet obstruction. Dall’Era J.E., Myers J.B., Koul Sweaty, Koul H., Flynn B.J. 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

47. The correlation between LUTS (AUA-SS) and erectile dysfunction (SHIM) in age matched racially diverse male population: data from the prostate cancer awareness week (PCAW). Crawford, E.D., Barqawi, A., O’Donnell, C., Mills, J.N., Roehrborn, C.G. Podium presentation at 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

Presentations (Continued)

South Central Section of the American Urological Association, Austin, TX, September, 2005.

49. Culture independent molecular analysis of microbial constituents of semen from men with Class IIIA and IIIB prostatitis. Mills J.N., Frank D., Mandar R., Wilson S.S., Koul H., Pace N. Poster presentation at 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

50. Ten Years of Pediatric Renal Tumors at a Tertiary Referral Center. Carlsen S, Maroni P, Furness P, Koyle M. 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

51. Benign Cystic Nephroma: unusual presentations and a review of the literature. Carlsen S and Koyle M. 84th Annual Meeting of the South Central Section of the American Urological Association, Austin, TX, September, 2005.

63. Does treatment rate impact the efficacy of ESWL for renal stones 1 to2 cm in size? Chacko J.K., Moore M., Sankey N., Koul H., Chandhoke P.S. 83rd Annual Meeting, South Central Section, Dublin, Ireland, September 2004.

Presentations (Continued)

75. The Use of Bisphosphonates in Prostate Cancer. Chacko, J.K. Urology Grand Rounds, University of Colorado Health Sciences Center, April 2004.

80. Use of the PK Seal in Radical Prostatectomy. Oottamasathien S., Crawford E.D. Presentation at the 82nd Annual Meeting of the South Central Section of the American Urological Association, Boston, MA. September 2003.

93. Management of lower pole stones: Is lower pole calyceal anatomy relevant? Sorensen, C.M., Chandhoke, P.S. 81st Annual Meeting of the South Central

115. Alterations in the Structural and Molecular Characteristics of Pelvic Floor Tissues in Diabetes Mellitus. Lowe J.B. and Daneshgari F. 79th Annual Meeting of the South Central Section of the American Urological Association, Montreal, Quebec, Canada, September, 2000. Winner; 1st Prize, Residents Essay Competition.

126. Impact of plasma estradiol / testosterone ratio in rat experimental urolithiasis.
Presentations (Continued)

130. Is the prevalence of urolithiasis increasing in the era of SWL? Grampsas S.A., Moore M., Chandhoke P.S. 17th World Congress of Endourology and SWL, Rhodes, Greece, September 1999.

134. 10-year experience with extracorporeal shock wave lithotripsy in the state of Colorado. Grampsas S.A., Moore M., Chandhoke P.S. Annual South Central Section of the American Urological Association Meeting, Santa Fe, NM. September 1999.

Presentations (Continued)

141. The use of color power sonography and computerized image analysis to assess testicular arterial blood flow in the presence of varicocele. Co-authored and presented by Dr. Ali Sarram. Annual meeting of the South Central Section of the American Urological Association, Cancun, Mexico, November, 1998.

142. Cryptorchidism in the rat causes time dependent formation of multinucleated giant cells which result from the coalescence of apoptotic germ cells. Co-authored and presented by Dr. Anthony Caruso. Annual meeting of the South Central Section of the American Urological Association, Cancun, Mexico, November, 1998.

143. The impact of testicular ischemia on germ cell apoptosis in the rat. Co-authored and presented by Dr. Anthony Caruso. Annual meeting of the South Central Section of the American Urological Association, Cancun, Mexico, November, 1998.

144. Prolonged incubation of testis biopsy specimens significantly increases the yield of motile sperm. Co-authored and presented by Dr. Samuel Grampsas. Co-authored by Dr. Siam Oottamasathien. Annual meeting of the South Central Section of the American Urological Association, Cancun, Mexico, November, 1998.

147. How many positive prostate cancer biopsies are due to chance? How many are due to tumor burden? Crawford E.D., Hirano D., Werahera P.N., DeAntoni E.P., Daneshgari F., Stenner J., Lucia S., Miller G.J., Brawn P., Speights V.O. 92nd
Presentations (Continued)

163. The Endoscopic Correction of Vesicoureteral Reflux by Subureteric Injection of Polytetrafluoroethylene: The Children's Hospital Experience. Denver, CO.

170. Results of extracorporeal shockwave lithotripsy monotherapy (SWL) for the treatment of large renal calculi using stone and collecting system surface areas. Murray M.J., Chandhoke P.S., Berman C.J., Sankey N.E. World Congress of Endourology, St. Louis, December, 1994.
