Resident Presentations
July 2014-June 2015

**Resident Presentations**  
**July 2015-June 2016**

Chapman BC. Increased Size of Sentinel Lymph Node is Associated with Disease-Specific Survival for Cutaneous Melanoma. American College of Surgeons Clinical Congress. Chicago, IL, October 2015.

Deeney S. Reciprocal Serum Levels of IGF-1 and IGFBP-3 in a Murine Surgical Model of Intrauterine Growth Restriction. American College of Surgeons Clinical Congress. Chicago, IL, October 2015.

Fisher D. Reassessment of Trauma Deaths Over the Last Decade at an Academic Level-1 Trauma Center, What Has Changed? American College of Surgeons Clinical Congress. Chicago, IL, October 2015.

Hodges M. SDF-1A Corrects Dysregulation Of Microrna-146a In Human Diabetic Dermal Fibroblasts. 28th Annual Meeting of the Wound Healing Society. Atlanta, GA, April 2016.

Ibrahim-Zada I. BRCA1 As a Novel Biomarker Of Beta1-Blockade In Sepsis. American College of Surgeons Clinical Congress. Chicago, IL. October 2015.

Lin Y. Unplanned Return to the Operating Room: An institutional analysis to identify areas for improvement. American College of Surgeons Clinical Congress. Chicago, IL. October 2015.

Moore H. Acute Fibrinolysis Shutdown Without Coagulopathy Following Severe Injury is the Most Common Phenotype of Post Injury Mortality. European Congress for Trauma and Emergency Surgery. Vienna, Austria, April 2016.

Moore H. Pro-Con-Debate: Is Coagulopathy an Appropriate Therapeutic Target During Critical Illness such as Trauma or Sepsis? 39th Annual Conference on Shock. Austin, TX, June 2016.

Overbey D. Laparoscopic colectomy in obese patients results in superior outcomes compared to the hand-assisted laparoscopic technique. Poster presented at 2016 ASCRS Annual Scientific Meeting. Los Angeles, CA, May 2016.

Roberts-Coleman J. The Effect of Anticoagulation on Geriatric Fall Trauma. Southwestern Surgical Congress. San Diego, CA, April 2016.

Slaughter A. Glutamine Metabolism Drives Succinate Accumulation During Hemorrhagic Shock. 46th Western Trauma Association. Lake Tahoe, CA, March 2016.

Venardos N. Matrix Gla-Protein Inhibits the TLR-4 Induced Osteogenic Response in Human Aortic Valve Interstitial Cells. American College of Surgeons Clinical Congress. Chicago, IL. October 2015.

Yi J. A Metabolomics-Based Understanding of Pro-tumorigenic Hypoxia Inducible Factor-1a Activity in Pancreatic Cancer and Local Macrophages. American College of Surgeons Clinical Congress. Chicago, IL, October 2015.

Yi J. A Metabolomics-Based Understanding of Pro-tumorigenic Hypoxia Inducible Factor-1a Activity in Pancreatic Cancer and Local Macrophages. American College of Surgeons Clinical Congress. Chicago, IL, October 2015.

Yi J. Hypoxia Inducible Factor-1a Modulates Pro-Tumorigenic Macrophage Activation Induced by Cancer Cells. 11th Annual Academic Surgical Congress. Jacksonville, FL, February 2016.

Resident Publications
July 2016-June 2017

Chapman BC. Hepatic Resection for Hepatocellular Carcinoma at an Academic Medical Center is Associated with Improved Long-Term Survival. American College of Surgeons 2016 Clinical Congress. Washington, DC, October 2016.

Hodges M. Regenerative healing of large fetal wounds following IL-10 treatment is associated with upregulation of M2C macrophages. American College of Surgeons 2016 Clinical Congress. Washington, DC, October 2016.

Moore H. Loss of the Protective Effective of Physiologic Fibrinolysis Following Severe Injury in Geriatric Trauma Patients: Rationale for Clinical Trials to Focus on Non-Geriatric Adult Trauma Patients. 75th Annual AAST and Clinical Congress of Acute Care Surgery. Waikoloa, HI, September 2016.
