**Phase I**

- August
  - Optional Summer Research Rotation
  - Human Body
  - MSTP specific Molecules to Medicine
  - Clinical Interlude
  - Foundations of Doctoring
  - MSA / Graduate School work
  - Graduate School Core Course
  - MSTP Seminar

- June
  - Summer Research Rotation
  - Blood & Lymph
  - Cardiovascular, Pulmonary, Renal
  - Disease & Defense
  - Foundations of Doctoring
  - MSA / Graduate School work
  - Graduate School Elective
  - MSTP Seminar

**Phase II**

- August
  - Nervous System
  - Digestive, Endocrine, Metabolic Systems
  - Foundations of Doctoring
  - MSA / Graduate School work
  - MSTP Seminar

- March
  - Life Cycle
  - Infectious Disease
  - USMLE Step I Prep & test

- May
  - Optional Clinical (Phase III) Rotation
  - USMLE Step II Prep & test
  - BCLS Certification
  - Optional Research Rotation

**PhD Research**

- Research Ethics
  - Comprehensive Exam
  - PhD Research
  - Thesis Defense
  - Foundations of Doctoring

**Phase III**

- ICC: 7001
  - Musculoskeletal Care
  - Infant, Adolescent Health
