- Home Health
Final Clinical Experience: Clinical Education III or Year-long Internship

Terminal clinical experience. At this time, students either complete the final experience in a 16-week non-paid experience or a yearlong internship. Students and sites participate in an application/interview process to ensure a good match regardless of the type of experience. We ask for your consideration of either type of experience for 2020. Please select one or both CE III or the Year-long Internship below.

**CE III: Monday August 24 - December 9, 2020**

Students complete a 16-week non-paid experience. Students and sites participate in an application/interview process to ensure a good match.
Please indicate the available setting(s) for CE III

- Inpatient Acute Care
- Skilled Nursing Facility
- Outpatient Neuro
- School - Pediatrics
- Inpatient Rehab - Pediatrics
- Outpatient Neuro - Pediatrics
- Undetermined

- Inpatient Rehab
- Outpatient Ortho
- Home Health

Year-long Internship: Starting Monday August 26th

Terminal clinical experience. At this time, students complete the final experience in a year-long internship. Students and sites participate in an application/interview process to ensure a good match.

Would you like to participate in the Year-long Internship?

- I am already a Year-long Internship site.
- I can offer a Year-long Internship Experience in 2020.
- I am interested in learning more about becoming a Year-long Internship site. Please contact me.
- I am not interested in the Year-long Internship at this time.

Integrated Clinical Education (ICE)

Short-term clinical experience using team-based approach. Students are in teams of 4. Clinical Instructors are requested to have a decreased productivity expectation (~50% reduction) for ICE weeks to allow protected teaching time; the PT program will reimburse clinical sites to offset the loss of productivity. CIs are provided with training by CU prior to this experience to prepare for working with a student-team. Sites may participate in ICE I, ICE II, or both each year.
2019 Dates:
ICE I: September 9-13 and November 11-15, 2019
ICE II: October 7-18, 2019

Availability
☑️ I am already an ICE site.
☑️ I can offer ICE I in 2019.
☑️ I can offer ICE II in 2019.
☑️ I am interested in learning more about becoming and ICE site. Please contact me.
☑️ I am not interested in ICE at this time.
☐ Other

2020 Dates:
ICE I: September 8-11 and November 9-13, 2020
