start dates using the above dates when PROHealth will be at Anschutz.

Please contact PROHealth via email now to schedule appointments for your residents and fellows who are NEW
to CU GME. Residents and fellows that are transferring within CU GME programs, even when they are new to your
training program, do not participate in the screenings.

In your email request, please include:
- Date of requested appointment(s). (PROHealth will assign specific appointment times.)
- Names, PGY levels and start dates of the residents or fellows for whom you are scheduling.
  (If you do not know names, request the number of appointments your program will need, letting
  PROHealth know the name of your program, PGY level and start date of your new residents/fellows. As
  soon as you know the names of your new residents or fellows, notify PROHealth. This allows PROHealth to
  be prepared for each individual appointment.)
- PROHealth will respond with a confirmation email, including appointment dates and times for your residents and
  fellows.

Please be certain to schedule all of your NEW to CU GME residents and fellows for a screening and that they keep
their scheduled appointment times. This is not a “drop in” venue.
