Do you have a child(ren) between the ages of 6 months and 17 years?

You may be eligible to participate in a research study about reminders for vaccinations!

The University of Colorado Denver is conducting a research study to better understand parents’ opinions regarding the Flu and HPV vaccines, as well as their opinions about reminder messages for these vaccines.

**WHO:** Adults 18 and older who have a child between the ages of 6 months and 17 years

**WHEN:** A research staff member will schedule a 30-60 minute telephone interview with you

Interviews are done in English, and all participants will receive a **$50 gift card** as a thank you!
