### Part C
- Part C of IDEA provides services to children 0-3 who qualify
- A multi-disciplinary team evaluates the child
- Team is made of two or more qualified professionals AND family members
- An IFSP is written if the child is found to qualify for services

### IEP
- Individual Education Plan
- Will be labeled with disability from list of 14
- Focuses on the educational needs of the child
- Services are provided in the school setting
- Family is NOT part of the services
- Must look at the health of child
- Health Care Plan to be included if one is needed

### IFSP
- Individual Family Service Plan
- Focuses on needs of child and family
- Written after team looks at sensory, motor, sensory, cognitive communication, social-emotional and adaptive development of child
- Services are provided in the home at no charge to the family
- Family is part of services

### Transitions
- From IFSP to IEP
  - Will have Child Find evaluation at 2 years 9 months
  - IEP will be written
- From preschool to Kindergarten
  - Will have a re-evaluation to obtain disability
  - Will be labeled from list of 14 disabilities

### Part B
- Part B of IDEA provides services from age 3 until the school year of the child/student’s 21st birthday
- Every child is entitled to a free and appropriate public education
- A multi-disciplinary team evaluates the child
- IEP is written if child/student is found to qualify for services

### 504 Plans
- Ensures that the child with a disability has equal access to an education.
- The child may receive accommodations and modifications.
