YOU PLAY AN IMPORTANT ROLE IN YOUR STUDENTS’ LIVES. HOW YOU THINK OF THEM MAKES A DIFFERENCE IN HOW THEY THINK OF THEMSELVES.

OUR MISSION
Our mission is to provide information and resources to low income, culturally and linguistically diverse families in the Denver-metro area (Adams, Arapahoe, Boulder, Denver, Douglas and Jefferson counties) who have children age birth to twenty-six with physical, cognitive, emotional, and developmental disabilities.

Denver Metro Community Parent Resource Center
14051 E. Alameda Ave., Suite 205
Aurora, CO 80012
Phone: 303-365-CPRC (2772)
Fax: 303-365-2778

When teachers, service providers and parents establish a mutual trust and respect with each other, successful outcomes emerge for students. By providing this network of support with the tools to feel empowered in making informed decisions, the CPRC assists in strengthening the collaborative support needed to best serve the student and their education.

The Denver Metro CPRC offers a wealth of resources to aid in these joint efforts, free of charge:

- **Trainings and Workshops**: Designed to equip you with the knowledge and skills to achieve best practices in your efforts.
- **Resource Liaison**: Connecting you to other resources and organizations across six counties (Adams, Arapahoe, Boulder, Denver, Douglas and Jefferson) that specialize in various fields related to supporting underserved students.
- **Parent Advisors**: Dedicated individuals with firsthand experience working with you to better understand the issues being faced and the solutions that can be achieved.
- **News Updates**: Timely and relevant information on events, news, legislation and more.

In working with you, the goal of the CPRC is to:

- Increase parents of color as meaningful participants in their child’s education.
- Provide access to information and support to underserved families in their native language.
- Ensure that students have access to the general curriculum and appropriate behavior supports.
- Encourage parents to be actively involved in decision-making for their child’s education.
- Enable students and their family to navigate the special education system in a manner that is consistent with their cultural beliefs.

You are integral to their success, and we are here to help.
