Social Emotional and Mental Health Screening, Referral and Resources for Children
Thursday, February 26, 2015: 10:00-11:30 a.m.

We invite you to join us for an overview of social emotional and mental health screening, referral and resources in early childhood and to gain a better understanding of how to access children’s mental health initiatives and community resources.

Colorado is becoming a leader in supporting the social and emotional wellness and mental health of young children, although the system is still complex, and understanding the resources that are available can be challenging. This webinar will help participants navigate through the screening and referral processes and resources available to young children and families when social, emotional, behavioral or mental health difficulties arise.

This webinar will follow up and expand on a previous HCP/JFK webinar on Navigating Early Childhood Mental Health Systems in Colorado.
