Identification of potentially eligible child from primary referral source. Primary referral sources include, but are not limited to the following:

- Child Care Provider
- Concerned Individual
- Family Member
- HCP/CRCSE/Public Health

- Health Care Provider
- Hospital Personnel
- Primary Care Physician
- Social Service Agency

A) Score on a standardized developmental screen falls below the tool's empirical cutoff in one or more of the five domains;

B) A diagnosis of an established condition (physical or mental) with a high probability of resulting in significant developmental delays (view the established condition database within the referral section of www.eicolorado.org);

C) Significant parental and/or clinician concerns related to the child's development and/or behavior, or

D) Child has risk factors for social emotional problems.

If NO, go to:

- Fax referral form to Early Intervention Colorado Program at Community Centered Board (www.eicolorado.org)
- 1-888-777-4041

If YES, go to:

- Evaluation completed within 45 days of referral to determine eligibility

If Eligible, go to:

- Referral Source and Primary Care Physician informed of findings and recommendations for ongoing monitoring (with parent consent)

- Individualized Family Service Plan (IFSP) developed with family within 45 days of referral. In addition to service coordination, there are fourteen possible early intervention services, such as:
  - A) Developmental Intervention
  - B) Occupational, Physical or Speech Language Therapy
  - C) Social Emotional Intervention

- IFSP Periodic/Annual Review

- Transition Planning

If Not Eligible, go to:

- EI Evaluation Team can refer to other appropriate community services
