JFK Partners, Colorado’s University Center of Excellence in Developmental Disabilities Education, Research and Service (UCEDD) and Leadership Education in Neurodevelopmental Disabilities (LEND) Program is offering a 10-month Spiritual Care Fellowship to begin August 1, 2020.

The training emphasizes the development of future leaders to meet the needs of individuals with developmental disabilities and their families through an interdisciplinary curriculum. Trainees participate in a 3-course sequence (see below), as well as work with faculty to develop and complete a self-directed project. This experience will expose trainees to in-depth graduate-level experiences in leadership, advocacy, knowledge of disabilities, which includes connection with the AUCD network and other Spiritual Care trainees across the country. This training prepares individuals to work with individuals with disabilities in their own ministry, vocation or faith communities.

Trainees typically work on-site (Anschutz Medical Campus) for approximately 12 hours per week. Projects may include community advocacy, family supports, working with faith groups/parishes to be more inclusive of those with disabilities, direct spiritual care/chaplaincy, or other work that enacts systems change to improve the lives and well-being of all stakeholders from the disability community.

JFK Partners is committed to the recruitment of culturally and ethnically diverse individuals. Bilingual Spanish-speaking applicants, and all other qualified applicants, are encouraged to apply.

Courses:
- **CLSC 6661 – Leadership Dialogues (2 credits)** – Must be available Aug 3-7 and Aug 10-14, 2020 from 2:00-5:00 pm daily for this in-person course held at the Anschutz Medical Campus
