

# Gates Foundation Global Health Grants

## No Deadline

More details are available on the website at  
<http://www.gatesfoundation.org/grantseeker/Pages/overview.aspx>.

### To invest resources most responsibly, the foundation begins by asking:

- What affects the most people?
- What has been neglected?
- Where can we make the greatest change?
- How can we harness innovative solutions and technologies?
- How can we work in partnership with experts, governments, and businesses?

### Next, we look for projects that:

- Produce measurable results
- Use preventive approaches
- Promise significant and long-lasting change
- Leverage support from other sources
- Accelerate work the foundation already supports

### Examples of areas the foundation does not fund include:

- Projects addressing health problems in developed countries
- Political campaigns and legislative lobbying efforts
- Building or capital campaigns outside the Pacific Northwest
- Projects that exclusively serve religious purposes
- Direct support for individuals

The **Global Health Program** is accepting letters of inquiry for the topics listed below:
