

MedImmune Funding Opportunity

No Deadline

More details are available on the website at
http://www.medimmune.com/research_support.aspx.

Charitable Grants and Independent Educational or Scientific Programs

MedImmune is committed to advancing science to develop better medicines that help people live healthier, longer and more satisfying lives. As such, MedImmune recognizes the important role of corporate grant giving in support of educational and charitable activities that ultimately improve patient healthcare and further understanding of disease states and treatment options within the community.

Areas of Interest

- Health and science education for young people
- Influenza
- Immunology
- Pediatric infectious disease and respiratory disease

Eligible Grants

- Charitable grants/community outreach
- Independent educational/scientific programs - accredited and non-accredited

MedImmune provides financial support for programs that focus on improvements or quality in healthcare and education on a full range of treatment options. Consistent with the PhRMA Code, MedImmune does not support programs that promote a particular medicine.
