Multiple clinic sites with ambulatory pharmacy services, health neighborhoods, health at home, urgent care centers and emergency rooms, mountain clinics, 100+ physician practices and clinics, and Flight For Life Colorado.

Craig Hospital

Dr. Sheri Irvine, Clinical Pharmacist; Dr. Erin Miller, Clinical Pharmacist; DR. Brianna Zerr, Clinical Pharmacist

Hospital

CRAIG HOSPITAL, located in Englewood Colorado, is a world-renowned rehabilitation hospital that exclusively specializes in the neuro-rehabilitation and research of patients with spinal cord injury (SCI) and traumatic brain injury (TBI). Craig is a not-for-profit, free-standing, national center of excellence that has treated more than 31,000 patients with SCI and TBI since 1956.

Kaiser Permanente Colorado

Dr. Cari Friesleben, PGY1 Residency Program Director; Dr. Amy Hughes; Primary Care Clinical Pharmacy Specialist

Care Management Teams and Ambulatory Care, Integrated care delivery health system

Kaiser Permanente is an integrated care delivery system serving 680,000 members in the state of Colorado. With robust outpatient pharmacy and clinical ambulatory care services, pharmacists work at the top of their scope to provide care for our members.
National Jewish Health provides pharmacy services for inpatients, outpatients (ambulatory/retail), infusion suites and research. A little bit of everything! Some call it a career. For us it's a calling. As the leading respiratory hospital in the nation, National Jewish Health is pioneering a new era of preventive and personalized medicine. By combining our efforts in comprehensive care, academic education and ground-breaking research, we're able to develop treatments that help our patients live more productive lives. If you believe in working for an organization where Breathing Science is Life, we invite you to consider our team!

We are seeking an independent, self-motivated pharmacist for our satellite oncology infusion center. This pharmacist will work with staff at the site as a clinical resource, check orders for appropriateness and accuracy, prepare infusions, maintain inventory and assist in patient monitoring. Oncology experience is not required, but a strong desire and willingness to learn is!

Nebraska Medicine is a large academic medical center in Omaha, NE. We are recruiting for pharmacy residents in our PGY1 and PGY2 residency programs.
Founded in 1923, Parkview Medical Center in Pueblo, Colorado, offers general acute healthcare and behavioral health specialty services. As a private, non-profit organization, Parkview is licensed for 350 acute-care beds and provides a full range of healthcare services including the region’s only certified and verified Level II Trauma Center as well as the region’s first certified Stroke Center. Parkview Medical Center is the leader in cardiac, women’s, emergency, and neurological services as well as behavioral health programs. As a vital healthcare source, Parkview’s service area includes Pueblo County and 14 surrounding counties, which together represent 370,000 total lives.

Parkview Medical Center is the largest employer in Pueblo County with over 3,000 employees and provides a skilled medical staff of over 370 physicians. The impact of our workforce triggers a strong impact on the community as Parkview’s annual payroll contributes $157.9 million to the economy.

Parkview Medical Center’s community-focused mission is a reflection of the past and a guide to the future of the organization. One of the key roles of Parkview Health System and Medical Center Trustees is to oversee the sensitive balancing of the medical center’s charitable purpose, with the ongoing growth and viability of the facility.

In my Managed Care Liaison role at Genentech, I focus on providing scientific and clinical information on behalf of our portfolio to payers and population health leaders.
MCPHS/Sanofi Genzyme

Yestle Kim, Fellow - Global Medical Affairs; Zack McCormack, Fellow - Global Commercial Strategy; Michael Wells, Fellow - US Medical Science Liaison; Alvin Ong, US Managed Care; MCPHS collaborates with 9 biopharmaceutical companies located in the Northeast/New England area (Pfizer, Novartis, Sanofi Genzyme, BD, Takeda, Agios, Alexion, Sunovion, and Biogen) to nourish professional development of PharmDs in the industry. There are fellowships that cover various therapeutic areas as well as different functional areas such as Medical Affairs, Regulatory Affairs, Commercial Strategy, and more!

Rutgers Pharmaceutical Industry Program

Abir Mneimneh, Post-Doctoral Fellow Fellowship

The Rutgers Pharmaceutical Industry Fellowship Program is an industry-based training program which partners with the leading pharmaceutical and bio-pharmaceutical companies. The program is designed for individuals with a Doctorate of Pharmacy to further their experience in the pharmaceutical industry through work experience and clinical research.

Peer Assistance

Soraya Jallad, Case Management
TerraScripts is a patient-centered, nurse-aspired pharmacy dedicated to providing an elite level of pharmacy services to nursing home organizations throughout Colorado. We strive to provide pharmacy solutions to meet the challenges of your organization so your company, team and patients can achieve their goals. TerraScripts is a company that believes in solving problems through innovation. Innovation that leads to convenience and comfort in terms of design, business and service. Our approach to problem solving begins at the center core of our company’s belief of building a relationship – first. Whether your facility is a long term care, skilled or assisted living, we believe we can help. Our team is made up of creative, compassionate people with solid geriatric experience that holds to a value of accountability to our customers, community and environment. We believe our greatest strength is our ability to establish dynamic relationships beyond that of “business”, but a partnership where principles of trust, accountability and fair practice is fostered so care to your patient is optimized.
