University of Colorado Anschutz Medical Campus is the largest academic health center in the Rocky Mountain region. The campus includes the University of Colorado health professional schools, multiple centers and institutes and two nationally ranked teaching hospitals that treat 1.9 million patients each year. All interconnected, these organizations collaboratively improve the quality of patient care they deliver, research they conduct, and health professionals they train.
Our clinical, research, education and service missions complement each other, so that the whole being is greater than the sum of the parts.

A NATIONAL LEADER

12.4 MILLION GROSS SQUARE FEET of newly built training facilities for future health professionals

230 ACRES of land for patient care, research and education facilities

1.9 MILLION patient visits annually

24,000 employees

739 courses offered

145 online courses offered

8 online degrees

601 exclusively online students

43 fields of study / degree programs

6 schools and colleges

2 on-campus hospitals

60 centers and institutes

More than 90% of graduates RECRUITED/PLACED each year

544 students directly involved IN RESEARCH

RANKED #9 for online graduate nursing

RANKED #6 for pediatric medicine

RANKED #3 for family medicine

RANKED #8 for primary care

RANKED #6 for rural medicine

RANKED #5 for graduate physician assistant program

- **447** Nurses
- **231** Public Health Practitioners
- **191** Doctors
- **405** Pharmacists
- **40** Physiatrists
- **42** Physician Assistants
- **65** Dentist Assistants
- **42** Anesthesiologist Assistants
- **118** Physicians

---
“We seek to be a medical destination of such breadth and quality that no one from the Rocky Mountain Region should ever have to travel beyond this campus to receive the finest care in the world. While delivering that care in the present, we strive to be a major force in redefining what care will look like into the future and developing and training the workforce to deliver it.”

– Don Elliman
Chancellor, CU Anschutz Medical Campus

In FY2016-17, more than 20 patents were granted, six more start-up companies were formed and invention disclosures increased by 125%.

Of the more than 45,000 reported CU Anschutz alumni, more than half reside in Colorado, improving health care throughout the state.

The salary of health care occupations associated with degree programs offered by CU Anschutz is nearly twice the average of all occupations.

More than 13 “Little Clinics” operate along Colorado’s front range. A collaboration between CU Anschutz, CU Medicine, and King Soopers, they promote and deliver affordable health care while offering valuable clinical training to CU Anschutz nursing students.

The Barbara Davis Center for Diabetes is one of the largest programs specializing in type 1 diabetes research and care in the world.

Since 2007, the number of faculty has grown 91%.

Annual private support increased from $98.6 million in 2007 to $205 million in 2017.
