UNIVERSITY OF COLORADO DENVER
ANSCHUTZ MEDICAL CAMPUS

On July 1, 2004, the University of Colorado at Denver officially joined with the University of Colorado Health Sciences Center to create a new University, now named University of Colorado Denver (UCD). The University of Colorado Denver and Anschutz Medical Campus are currently located on two separate campuses in Downtown Denver and at Anschutz Medical Center. This diverse new University is home to a full range of undergraduate degree programs, graduate degree programs and a wealth of options for pursuing the health sciences. The Downtown Denver Campus and the growing Anschutz Medical Campus put UCD on the forefront of biotechnology development and innovation.

GENERAL INFORMATION
POLICIES AND PROCEDURES

This course book does not constitute a contract with the University of Colorado Denver Anschutz Medical Campus, either expressed or implied, and the University reserves the right at any time to change, delete, or add to any of the provisions at its sole discretion. Furthermore, the provisions of this document are designed by the University to serve as guidelines rather than absolute rules, and exceptions may be made on the basis of particular circumstances. NOTE: Students will be held responsible for complying with all requirements and deadlines published in this course book.

ACADEMIC FREEDOM

Academic freedom and diverse viewpoints are highly valued at the University of Colorado Denver. The Laws of the Board of Regents of the University of Colorado specify that:
(1) “The University of Colorado was created and is maintained to afford men and women a liberal education in the several branches of literature, arts, sciences, and the professions. These aims can be achieved only in that atmosphere of free inquiry and discussion, which has become a tradition of universities and is called “academic freedom. . . . Within the bounds of this definition, academic freedom requires that members of the faculty must have complete freedom to study, to learn, to do research, and to communicate the results of these pursuits to others. The students likewise must have freedom of study and discussion. The fullest exposure to conflicting opinions is the best insurance against error…. All members of the academic community have a responsibility to protect the university as a forum for the free expression of ideas.” (Laws of the Regents 5D)
(2) “By enrolling as a student in the university, a person shall assume obligations of performance and behavior established by the university relevant to its lawful missions, processes, and functions. As members of the academic community, students have responsibility, equivalent to that of the faculty, for study, learning, academic integrity, and protecting the university as a forum for the free expression of ideas.” (Laws of the Regents 7B)
(3) “All students shall have the same fundamental rights to equal respect, due process, and judgment of them based solely on factors demonstrably related to performance and expectations as students. All students share equally the obligations to perform their duties and exercise judgments of others in accordance with the basic standards of fairness, equity, and inquiry that should always guide education.” (Laws of the Regents 10).

ALCOHOL AND DRUG POLICY

The University of Colorado Denver is committed to providing a drug-free educational environment and drug-free workplace. This policy statement on drugs and alcohol is designed to ensure that UCD Anschutz Medical Campus comply with the Federal Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. These Acts require the University, as a recipient of federal funds, to take measures to combat the abuse of drugs and alcohol. The continuation of federal financial support for students, academic programs, and academic support services programs is based upon compliance with these statutes and their regulations.

The University of Colorado Denver prohibits the unlawful manufacture, distribution, dispensation, possession, or use of any controlled substance (illicit drugs of any kind or amount) and the abuse of alcohol by students and employees on University property or as part of any of its activities. This prohibition covers any individual's actions which are part of any University activities, including those occurring while on University property or in the conduct of University business away from the campus.

It is a violation of University policy for any member of the faculty, staff, or student body to jeopardize the operation or interest of UCD through the use of alcohol or drugs. Individuals found to be in violation are subject to local, state, or federal law and to disciplinary action consistent with the Code of Student Conduct (at the Downtown Denver Campus), the Student Honor Code (Anschutz Medical Campus), the Faculty Handbook, and the State Personnel System. Sanctions to be imposed on employees and students who are found to be in violation of this policy may include requiring satisfactory participation in a substance abuse treatment, counseling, or education program as a condition of continued enrollment and/or employment, suspension or termination of employment, and referral for prosecution.

All faculty, staff, and students employed at the University acknowledge that they will, as a condition of their employment, abide by the terms of this policy. Any employee convicted of a violation of any criminal drug law occurring in the workplace must report that conviction to his/her immediate supervisor within five days. The Drug-Free Workplace Act makes strict compliance with this policy statement a condition of employment on all federal grants and contracts. The University is required to notify the relevant funding agency within ten days of learning that a violation of this policy has occurred.
University employees may contact Human Resources at 303-315-2700, for more information regarding available resources, programs and services. Downtown Denver Campus students may contact the Counseling and Family Therapy Center at 303-556-4372/North Classroom 4036, the Student Health Center at 303-556-3132, or the Counseling Center at 303-556-2525, for confidential information and/or referrals. Students at the Anschutz Medical Campus may contact the counseling network at 303-315-8159 or 720-848-9094, or their respective school student affairs offices for referral information. Information may also be obtained by calling the National Institute on Drug Abuse Hotline at 1-800-662-HELP or the National Clearinghouse for Alcohol and Drug Information at 1-800-729-6686.

ALCOHOLIC BEVERAGES AT OFFICIAL FUNCTIONS

UCD official functions that include the serving of alcohol require the completion of an “Alcohol Purchase Authorization” form and prior approval by the Associate Vice Chancellor for Finance and Administration. Alcohol for personal consumption at official functions is allowed only if the source of the University funds is (1) gifts restricted for entertainment, donor cultivation, or personnel recruitment purposes and (2) approved by the Associate Vice Chancellor of Finance and Administration in advance of the event.

To ensure proper management of an activity where alcohol is provided at a pre-approved official function, the following rules include but are not limited to:

1. All persons being served alcoholic beverages must be at least 21 years of age and have proper identification for proof of age.
2. An Event Manager will be present and will monitor the alcoholic beverage service area. The Event Manager/Sponsor is a responsible and accountable individual who will be present for the entire event.
3. Food items and non-alcoholic beverages will be available. These items must be available at no cost, in the same general location, and of such a variety as to make them attractive alternatives to the alcoholic beverages provided.
4. Persons checking ID’s will have knowledge of proper identification techniques and are over 21 years of age.
5. Persons dispensing alcohol will monitor individual’s consumption and not continue to dispense to persons that show signs of impairment.
6. Alcoholic beverages will not be available for individuals to pour their own. There will be no open or unattended kegs, containers, or bottles.
7. If the event lasts more than two hours, alcohol will not be served during the last hour. For events lasting less than two hours, service will discontinue at least 30 minutes prior to the scheduled end of event.
8. The entrance/exit access area will be monitored so as not to allow persons to carry in or take alcoholic beverages from the consumption area.
9. Designated drivers or other means of alternate transportation will be available.
10. Campus Police are notified in advance for on-campus events, as applicable.

COLORADO HOUSE BILL 1023

In July 2006, the Colorado State Legislature enacted HB 06S-1023, which became effective on August 1, 2006. The legislation requires all citizens who apply for state-funded benefits that entail any payment or financial assistance provide proof that they are lawfully present in the United States.

Some of these benefits that are provided at the University of Colorado include in-state tuition, the College Opportunity Fund, some types of institutional and state-sponsored financial aid, and any other benefits for which there is an application, excluding any employment benefits.

For further information, please click www.uchsc.edu/registrar/forms.php. Select “Colorado House Bill 1023” for information, “Forms”, then "House Bill 1023" for Affidavits.

COLLEGE OPPORTUNITY FUND (VOUCHERS)

An act of the Colorado State legislature in May, 2004 established a new way for the state to provide state tax dollar support for higher education at the resident undergraduate level. At the Anschutz Medical Campus, this will pertain to resident students in the Bachelor of Science Nursing program. The state is no longer appropriating monies to institutions for these students, but is providing direct funding to these students through the “College Opportunity Fund” or “COF.” This program is also known as “vouchers” or “stipends.” Starting in fall 2006, provided that an undergraduate in-state student applies for and authorizes use of the voucher, COF vouchers will be applied to the student’s university bill. For details, Bachelor of Science Nursing students should contact the College of Nursing at 303-724-1812. For further information, go to: www.cu.edu/ums/cof/faq.html.

CONCURRENT REGISTRATION

A student may enroll for 2 courses or 6 semester hours (whichever is greater) at the CU Colorado Springs campus and the CU Boulder campus with the approval of the student’s academic dean or designate. Tuition and fees will be assessed at the student's home campus rate; however, the student must be enrolled for courses on the home campus. Concurrent registration forms must be obtained from the Registrar’s office, Anschutz Medical Campus (Education II North Building, 3rd Floor, Student Services area), then taken to the student’s school/program for the appropriate approval and signature, and returned to the Registrar’s office. Students may register concurrently during the drop/add period of the host campus. Questions concerning concurrent registration may be directed to the Registrar’s office at 303-724-8056.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

NOTICE TO STUDENT: Periodically, but not less than annually, the University of Colorado informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974. This act, with which the institution intends to comply fully, was designated to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the
Financial aid consists of federal, state, and institutional funds. These funds generally consist of a combination of part-time employment, long-term low interest loans, grants and scholarships. State aid available for undergraduate students defines undergraduates as those students without a prior baccalaureate degree. Most financial aid is awarded on the basis of financial need. There is a state-funded scholarship for undergraduate students based on merit, and State grants awarded on the basis of financial need to graduate and undergraduate students.

Financial need is defined as the difference between the cost of attendance as defined by federal regulations and institutional policies (tuition, fees, books and supplies, living expenses, transportation) and total family resources available to the student. The primary responsibility for financing post-secondary education rests with the students and their families. It is important to note that Financial Aid is intended to help the student with educational expenses. Federal, State, and Institutional funds are intended to support the student during school and are not available to help in the support of a student’s family.

Financial aid awards for the current term should be applied first toward current tuition and fee bills. After the current tuition and fee amounts have been paid, the remaining financial aid funds will be refunded to the student for living expenses.
The University reserves the right to adjust or cancel an award anytime as a result of information received that affects eligibility. It is the responsibility of a financial aid recipient to report any changes in financial, marital, and enrollment status to the Financial Aid Office. If you should receive assistance from other sources, such as traineeship, graduate fellowship, private loan or scholarship, you must report this to the Financial Aid Office. It will be necessary to repay some financial aid if the funds you receive exceed your Cost of Attendance (COA).

**Financial Aid Loan Recipients**
All new students who receive Student Loans, Federal or Institutional, in the 2008 – 2009 or 2009-2010 academic year will be required to complete Promissory Notes for each type of loan. Entrance Interviews will also be required of all UCD first time borrowers of Student Loans. New students who accept Parent PLUS or Graduate PLUS loans will also need to complete a credit evaluation. Continuing students will have already met this requirement; however, parents and students who will accept PLUS loans should know that there will be a credit evaluation if the result of a previous evaluation exceeds 90 days. For additional information, contact the Financial Aid Office.

All students who receive Student Loans, Federal or Institutional, are required to complete exit counseling prior to withdrawing or graduating. Additional information about Exit counseling is available at our web site [www.uchsc.edu/finaid](http://www.uchsc.edu/finaid).

**Satisfactory Academic Progress Policy**

* **Requirements for Financial Aid**
To maintain eligibility for financial aid at UCD, you must make reasonable academic progress toward your degree. Federal law and regulations governing Title IV student financial aid programs and state aid programs require that all students must maintain satisfactory academic progress in order to receive assistance. Title IV funds include, but are not limited to, Federal Stafford Student Loans, Federal Parent PLUS Loans, Federal Graduate PLUS Loans, Federal Perkins Student Loans, Federal Supplemental Educational Opportunity Grant (SEOG), Pell Grant and Federal Work-Study.

* **Qualitative Measurement**
To be considered in good standing and making satisfactory academic progress for financial aid, students must maintain a cumulative grade point average of 2.0 for undergraduates and 3.0 for graduates. For medical students to maintain satisfactory academic progress, a cumulative grade of at least passing must be maintained.

* **Quantitative Measurement**
Course Completion Policy: Students at UCD must successfully complete 66.6% of all course work attempted in order to be considered to be making satisfactory progress in their course of study. Incomplete Grade Policy: Courses taken and not passed will be considered "incomplete" unless a grade of "IP" (in progress) is assigned. Courses that have been assigned a grade of "F", "W", "IW", or "IF" or no grade assignment are also considered incomplete. Finally, courses dropped mid-term are considered to be incomplete coursework.

* **Maximum Time Frames and Increments**
Students may not exceed 150 percent of the published length of their program measured in credit hours. For example, if a school requires that a student needs to complete 100 credits in order to graduate, any given student enrolled in that program will lose their aid eligibility once they attempted 150 or more credit hours. "Attempted" credit hours include dropped classes, or classes for which a student receives a "F", "W", "IW", or "IF" or any class for which the student has received no grade at all at the point of assessment. Credit hour requirements for graduation vary from school to school, and from educational program to educational program at the same school. Periods of enrollment in which the student does not apply or receive Title IV or State funds are included in the maximum time frame for aid eligibility.

Transfer Credit Hours Policy: Transfer credit hours that are prerequisites for admissions into each school or program are not counted towards the maximum time frame. These hours are required for entrance into a UCD School or program and are not applied towards the student's degree at UCD. For example, 60 credit hours or prerequisites are required for admittance into the Dental Hygiene program, and 80 credit hours of dental hygiene courses are required for the degree, the 60 credit hours of prerequisites are subtracted from the maximum time frame total. Each school or program has established policies on accepting transfer credit hours taken at other health profession schools. Those transfer credit hours (non-prerequisite hours) accepted by each school or program will be counted in the maximum time frame. For example, if a student completed an academic year at another medical school and those hours earned are counted toward the M.D. degree at UCD, the academic year at the other medical school is included in the maximum time frame calculation.

* **Consequences of Violation**
Suspension Policy: Failure to achieve satisfactory academic progress policy requirements will result in suspension of financial aid eligibility. Suspension will be for one academic year and makes the student ineligible for financial aid until removed from such standing based upon improved academic performance or the approval of an appeal.

* **Appeal**
A student on suspension may appeal by indicating to the Office of Financial Aid in writing reasons why his/her aid should not be terminated. Each appeal will be considered on its own merit. The appeal must be filed by the date specified on the written notification received from the Office of Financial Aid.

* **Reinstatement**
At the end of each year, academic records of suspended students will be reviewed. If it is determined that they have met the requirements for satisfactory academic progress, aid eligibility will be reinstated.

**Withdrawing and Financial Aid**

* **Earned Aid**
A student earns financial aid in direct proportion to the length of time he or she remains enrolled in the term. The percentage of time during the period the student remains enrolled is the percentage of “earned” aid that the student is eligible to retain. A student who remains enrolled beyond the 60% point earns all aid for the period.

* Unearned Aid
Unearned aid, other than work-study, must be returned. The responsibility to return unearned aid is shared by the institution and the student in proportion to the aid each is assumed to possess. The institution’s share is the lesser of the total amount of unearned aid; or, institutional charges multiplied by the percentage of aid that was unearned. The student’s share is the difference between the total unearned amount of aid and the institution’s share of unearned aid that must be returned. The institution’s share that must be returned is allocated in an order specified by federal statute, before the student’s share. After the student’s share is fully allocated, any amount owed to a grant program is reduced by half.

* Timeframe for Returning Funds
The institution must return its share of unearned aid no later than 45 days after it determines the student withdrew. If this aid was paid by the student’s Financial Aid, the student will incur a charge that is payable to the Bursar’s Office.

Students return their share of unearned aid attributable to a loan under the terms and conditions of the promissory note. The institution may allow the student to repay unearned aid attributable to a grant (after the 50% reduction), under a payment arrangement satisfactory to the institution.

* Late Disbursement
If a student withdraws prior to the second (or greater) disbursement of aid during an academic enrollment period, they will be ineligible for a late disbursement of the funds. For example, if a student withdraws on the second day of classes in the Spring term, and aid has not at that time disbursed, the student will be ineligible to receive the Spring disbursement.

* Determination of Withdrawal Date
For Financial Aid purposes, a student’s withdrawal date is based on one of the following:
  * The date the student began the school’s withdrawal process or the date the student otherwise provided “official” notice (whichever is earlier) or-
  * If the student didn’t notify the school, the midpoint in period or-
  * If the student didn’t notify the school due to circumstances beyond the student’s control, the date related to that circumstance or-
  * If the student didn’t return from approved leave of absence, the date the school determines the leave began or-
  * If the student took an unapproved leave of absence, the date student began the leave or-
  * The date of the student’s last attendance at documented academically-related activity.

* Leave of Absence (LOA)
For Financial Aid purposes, a student who is granted a leave of absence under the institution’s formal LOA policy need not be considered withdrawn if:
  * only one leave is granted in 12 months;
  * the leave does not exceed 180 days; and
  * the leave involves no additional charges.

The institution must determine that there is a reasonable expectation that the student will return from the leave, and must permit the student to complete the coursework begun prior to the leave. Multiple leaves within a 12-month period are permissible for military reasons or for circumstances covered by the Family and Medical Leave Act (FMLA). The student must apply for a LOA in writing, generally before the leave begins. However, the institution may collect the student’s request after the leave begins if there are unforeseen circumstances.

HONOR CODE

This campus-wide policy statement on student academic honor and conduct at the Anschutz Medical Campus was developed in consultation with faculty and student representatives from each health sciences school, and representatives of the campus-wide Faculty Council and Student Senate. It provides general policies for all students on campus, in accordance with the Regents' resolution of March 17, 1988, while at the same time it directs the schools to develop specific procedures to implement the policy in accordance with their unique programs and student populations. While the process for resolving honor code violations may vary from school to school, the elements listed below will remain uniform. The health professions are based on a high degree of trust by the individuals they serve. Students entering the health professions have a particular obligation, therefore, to conduct themselves at all times in a manner that reflects honesty, integrity, and respect for others.

A. Academic Honor and Conduct Code Education at UCD is conducted under the honor system. All students who have entered health professional programs should have developed the qualities of honesty and integrity, and each student should apply these principles to his or her academic and subsequent professional career. All students are also expected to have achieved a level of maturity which is reflected by appropriate conduct at all times. Although it is not possible to list every situation that violates the UCD academic honor and conduct code, the following examples will provide a reference point.

1. Academic Honesty – Students should adhere to the highest standards of academic honesty and integrity. Examples of behavior which violates these standards include: plagiarism (including improper use of web information), cheating, illegitimate possession and/or use of examinations, and falsification of official records.
2. Professional Conduct – As future health professionals, students should also adhere to the highest standards of professionalism. Examples of unprofessional conduct include: misrepresentation of effort, credentials or achievement in either the academic or clinical setting; any action which compromises the quality of patient care; violation of patient confidentiality; and other conduct unbecoming a health professional.
3. Alcohol and Drug Use – Alcohol and/or drug abuse compromises the student's ability to learn and to practice as a health provider and, thus, is considered unprofessional conduct. Students who have a problem with alcohol and/or drugs should seek assistance from services available on campus. The sale of drugs or the possession of non-prescribed narcotics or other controlled substances is against the law. In order to minimize the potential for alcohol abuse at campus functions, the following guidelines should be observed:
   a. Alcohol may not be served unless nonalcoholic beverages (in addition to water) and food are served. Food and nonalcoholic beverages must be available without cost whenever alcohol can be consumed at no cost.
   b. When events last two hours or more, service of alcoholic beverages must stop one-half hour before the close of the event.
c. The burden of proof for showing legal age is on the consumer of alcohol. No service will be provided unless clear evidence of legal age is presented. It is the responsibility of those in charge of an event to assure that no one under age is served any alcoholic beverages.
d. The sale of alcoholic beverages at student events is prohibited except in areas, at times, and on dates licensed by the Colorado State Department of Revenue. Please contact the Registrar's office for information on obtaining a Department of Revenue liquor permit.

4. Respect for the Rights and Property of Others – Students should conduct themselves in a manner which recognizes the rights and property of others. Examples of inappropriate behavior include theft, damage to University or personal property of others, disruption of educational or other activities on campus, illegal use of University facilities, harassment or physical assault, and any conduct which threatens the health or safety of others.

The primary responsibility for reporting violations of the student honor and conduct code rests with the individual student who has violated them. However, fellow students and members of the faculty also share in this responsibility.

B. Relationship of Honor and Conduct Code to Local, State, and Federal Laws. The University adheres to all appropriate local, state, and federal laws, and cooperates with law officials in all matters. Any alleged violation of local, state, or federal laws will be referred to the appropriate law enforcement agency, and such laws have precedence over the provisions of this policy.

C. Honor and Conduct Committee. Each school will have a standing Student Honor and Conduct Committee and, as appropriate, individual programs may have standing committees. The composition of the committee will include faculty and student representatives, with the exact composition of the committee to be determined by the dean in consultation with the school's faculty and student governance groups. The primary function of this committee will be to examine alleged violations of the honor and conduct code, and to make recommendations to the dean on these matters as appropriate.

D. Check individual school policies for school-specific procedures.

HOUSING

There is no on-campus housing at the Anschutz Medical Campus. However, the UCD campuses have a website at www.cudenverhousing.com which includes current vacancies in apartments, town homes, and throughout the Denver-Metro (including Aurora) area. Students need to print copies of the housing vacancies from the website, as hard copies are not available from the Student Assistance Office.

Students interested in ROOMMATE information should email lia.nelson-james@ucdenver.edu directly to receive information on listing their information with the Student Assistance Office at the Anschutz Medical Campus. The roommates lists are compiled and held off-line, and are available solely for the use of Anschutz Medical Campus students.

(SECURITY ACCESS CONTROL BADGES) - ELECTRONIC SECURITY

CLOSED CIRCUIT TELEVISION (CCTV)
The university has installed cameras, in key areas of the campus, to monitor and record a variety of events. Generally, they are installed on roofs, at primary entrances and in interior spaces where security monitoring is important. Note that whereas cameras are always recording, they are not always monitored. When a particular camera is involved in an alarm, the image will be displayed to the Police Dispatchers. Cameras are not installed in student study areas or in work areas where there is an expectation of privacy.

ACCESS CONTROL BADGES
Security Access Control badges provide photo identification, library privileges, and electronic access to locked and alarmed areas. Students are granted access to the buildings/areas needed for their particular course of study or research, as well as to the student computer center, study areas, and the student center/lounge. University policy requires that students wear badges visibly (between neck and waist) while on campus. Failure to display your badge may result in your being reported or detained as a suspicious person, as well as eviction from campus or denial of access and services.

You are required to keep your access control badge secured and immediately report a lost or stolen badge to the Security Badging Office. You are prohibited from lending or borrowing badges, admitting unauthorized personnel, or gaining unauthorized access to campus facilities. Do not hold/prop open card-controlled doors or other secured doors as this will initiate alarms to the Police Department. Misuse may result in adverse administrative action or denial of card access privileges. Badges are the property of the University and must be returned prior to graduation or separation. You may not cut, bend, or punch holes in your badge, nor expose it to heat, since this will break internal wiring and disable it for access. The badge is printed on both sides so that it is always visible. Do not place cards or other materials in the badge carrier so as to obstruct the card. Lost or abused cards may result in a $10 replacement charge.

Obtaining Badges
The schools' respective administrations schedule students to be photographed for badges during registration or orientation. Each student must present either a driver's license or state ID (each non-citizen must present a passport) before the badge will be issued. Please note that the last name on the identification must match the name used to register with the University. The Badging Staff will ask for any academic or professional credentials you may have to affix to your name.
Using Badges for Card Access
Card readers are located adjacent to card access-controlled doors. Card readers are rectangular dark gray or black panels which are approximately 1" in depth and 2" X 4" in height and width. To unlock a card-reader door, pass the badge slowly across the front of the card reader within a few inches of its surface. If the reader recognizes that your card has been granted access to the door, a beep will sound and a green light will illuminate. The system then unlocks the door. If the door has a door strike, you may hear a click. You will not hear a sound for magnetic locks. At this point, you will have five seconds to be detected by the motion sensor if you are before an automated door. Likewise, you are given five seconds to open the door manually at a hinged door. Please report malfunctions to the Electronic Security Office, providing your name, phone or pager numbers, the reader at which you had difficulty, the date and time of occurrence, and whether the card reader beeped. For after-hours assistance, please contact University Police. After verifying that you are authorized for after-hours access to the area, the police dispatcher will send assistance.

INTERNATIONAL STUDENTS
Assistance with F-1 student and J-1 student and scholar visa status is available from the International Student and Scholar Services (ISSS), part of the Office of International Affairs. The office is located at the Downtown Denver Campus, Lawrence Street Center, 9th floor. There is also a satellite office on the Anschutz Medical Campus. Call 303-315-2230 for an appointment in either office to discuss the services that ISSS staff can provide for international students and scholars.

International students on F-1 or J-1 student visas are required to be registered full-time for two semesters per year. Full-time for undergraduate students is twelve (12) semester hours; full-time for most graduate students is five (5) semester hours.

UC Denver is authorized by the U.S. Department of Homeland Security (DHS) to issue I-20 forms and by the U.S. Department of State (DOS) to issue DS-2019 forms. These forms permit international students to apply for the appropriate visa to study at UCD. UC Denver is also required by the Department of Homeland Security to report the immigration, registration, and demographic status of all international students and J-1 scholars on a regular basis. International students who are enrolled in a course of study at UC Denver and international J-1 scholars who are visiting the campus must visit ISSS in person upon arrival at UC Denver to check in. International students and J-1 scholars are required to notify ISSS in person before making any changes in enrollment or immigration status, such as adding or dropping courses, changing degree level, applying for work authorization, changing a place of residence, changing positions, or applying for a change in immigration status.

International students who are enrolled at UC Denver on F-1 or J-1 student visas issued by ISSS, or international visitors on J-1 scholar visas issued by ISSS, who plan to leave the U.S. and re-enter to resume their program at UC Denver, will need to bring their SEVIS Form I-20 or SEVIS Form DS-2019 to International Student and Scholar Services for signature before departing the country.

LIBRARY
Students are encouraged to become familiar with the Health Sciences Library resources early in their professional studies. MEDICAL MALPRACTICE COVERAGE

Medical malpractice coverage is provided through a Self Insurance Trust (the "Trust") authorized and established pursuant to a resolution of the Regents of the University of Colorado. This coverage is subject to the terms of the Trust's Coverage Document and extends to students, interns, residents, and other health care practitioners in-training who are enrolled at the University. As employees, servants, or volunteers of the University, all such persons are "public employees," and, therefore, their liability in any medical malpractice action is limited by the Colorado Governmental Immunity Act (C.R.S. § 24 10 114).

This coverage applies to the persons described above while they are involved in any activity or program which has received the prior approval of their respective school at UCD, regardless of where such activity or program may take place, as long as it occurs within the U.S. In the event that the activity takes place in a state other than Colorado, and a court determines that the limits of the Colorado Governmental Immunity Act do not apply, the Trust provides coverage of at least $1,000,000 per incident. For further information, please contact the Office of University Counsel, 303-315-6617.

Students who agree to participate in and are approved for a foreign exchange program are advised that the University of Colorado Self Insurance and Risk Management Trust does not provide malpractice coverage for their activities outside the U.S.

NO CREDIT ENROLLMENT

Students wishing to enroll for courses on a no credit basis must complete regular registration and then change from credit to no credit by obtaining a no credit form and appropriate signatures during the first five days of classes. This form is available in the Registrar’s office. Persons enrolling for no credit must pay the same tuition per credit hour as they would if they were taking the course(s) for credit. (Please see “Auditing”).

Nondiscrimination (Article 10, Laws of the Regents)

The University of Colorado does not discriminate on the basis of race, color, national origin, sex, age, disability, creed, religion, sexual orientation, or veteran status in admission and access to, and treatment and employment in, its educational programs and activities. The University takes action to increase ethnic, cultural, and gender diversity, to employ qualified disabled individuals, and to provide equal opportunity to all students and employees.

Qualification for the position and institutional need shall be the sole bases for hiring employees, and the criteria for retaining employees shall be related to performance evaluation, assessment of institutional need, fiscal constraints, and/or, in the case of exempt professionals, the rational exercise of administrative prerogative.

All students shall have the same fundamental rights to equal respect, due process, and judgment of them based solely on factors demonstrably related to performance and expectations as students. All students share equally the obligations to perform their duties and exercise judgments of others in accordance with the basic standards of fairness, equity, and inquiry that should always guide education.

Since you will be notified once, you are encouraged to memorize this number. If you forget your PIN or wish to change it, you may do so by going to the Web Registration and Records sign-on page, www.uchsc.edu/registrar, click on the “Web Registration and Records” to sign on to the Student Authorization page. Once you have signed on to your student account, you will see links on the left side of the page that will allow you to change your PIN or, if you have forgotten PIN, these links will provide assistance.

RESIDENCY CLASSIFICATION FOR TUITION PURPOSES

The requirements for establishing residency for tuition purposes are defined by Colorado law. (See Colorado Revised Statutes 23-7-101 et. seq. View online at http://198.187.128.12/colorado/lpext.dll?f=templates&fn=fs-main.htm&2.0.)

The statutes require that a qualified individual must be domiciled in Colorado twelve (12) consecutive months immediately preceding the term for which resident status is claimed.

An individual is “qualified” by virtue of adulthood and emancipation at age 22, marriage, or enrollment in a post-baccalaureate graduate or professional degree program. An unemancipated minor is qualified through the residency of his or her parents or legal guardians. (See below “Emancipation and Residency.”)

(NOTE: an exception to this general requirement applies to “accountable students” in the School of Medicine and School of Dental Medicine. See below section on “Accountable Students and Residency” for details.)

A person's tuition classification status initially is determined from the Verification of Residency form submitted during the application process for admission to a Health Sciences program. If a person is classified as a “nonresident,” he or she must wait until eligible for a change in tuition classification and then file a petition for the change. Petitions that are denied may be appealed. (See below: “Petitions and Appeals.”)

The information provided here summarizes the basic components of residency classification. Please read the following material carefully and thoroughly. Questions regarding specific circumstances should be addressed to the Tuition Classification Officer at 303-724-8054 and by appointment.

Establishing Domicile

An individual must have been domiciled in Colorado for one calendar year before he or she is entitled to in-state tuition. A domicile is a person's true, fixed and permanent home. Having a domicile in Colorado involves more than mere physical presence or “residence” in the state. A person may have several places of residence but can have only one true domicile at any given time. In order to establish a domicile for tuition purposes, there must be 1) physical presence for at least 12 months within the state along with 2) demonstrated intent to make Colorado one's permanent home. Intent is demonstrated by several kinds of connections with the state dated one year prior to the beginning of classes. There is no formula or checklist to follow in establishing domicile. Generally, physical presence (as shown by rent receipts, leases or statements from landlords, home ownership, etc.) plus one connection with the state will not be sufficient to establish domicile. Several connections are necessary, and the more connections that are made, the more assurance a person has of qualifying for residency. Any connections maintained with any other state during the 12-month period for establishing domicile may be viewed as negative intent to make Colorado one’s permanent home.

Objective evidence of physical connections with the state of Colorado includes

-- Driver's license, as governed by the Colorado Motor Vehicle Operator's Licensing Law.

-- Automobile registration and license plates, as governed by the Colorado Motor Vehicle Registration Law.

-- Voter registration and voting in the most recent (Colorado) election.

-- Colorado employment and payment of Colorado income tax. Permanent, full-time, off-campus employment and payment of Colorado State income taxes are considered highly persuasive evidence of intent to make Colorado one's permanent home. Student employment or temporary work is not considered as persuasive. It is the actual official acceptance of employment that forms the connection with the state. Income earned in another state by a resident of Colorado is taxable in Colorado.

-- Ownership of residential real property in the state, particularly if petitioner resides in the home. Petitioners should provide documentation of the contract date, as well as of the closing date.

-- Graduation from a Colorado high school and/or continued presence in Colorado during periods when not enrolled in college, or during periods between academic sessions.

-- Any other factor(s) peculiar to the individual that show intent to make Colorado one's permanent home (for example, obtaining licensure or certification to practice a profession in Colorado). Bank accounts, seeking dental or medical care, marrying or divorcing
in the state are matters of convenience because one happens to be present in the state and are therefore not the kinds of connections with the state that show intent to make Colorado one’s permanent home. Leases and rent receipts prove physical presence but do not otherwise qualify as connections with the state.

Note: It is the student’s responsibility to be fully informed of the laws of Colorado that govern any of the “connections” made in establishing domicile, including vehicle ownership and operation, voter registration, payment of income tax, property ownership, etc. Noncompliance with these laws establishes a negative presumption of intent to make Colorado one’s permanent home and will be weighed against any affirmative evidence of a Colorado domicile.

Evidence indicating domicile outside Colorado includes

-- **Failure to pay Colorado state income tax** (if your income is sufficient to be taxed). Income earned in another state by a resident of Colorado is taxable in Colorado. Filing a nonresident Colorado tax return is persuasive evidence of domicile outside Colorado.

-- **Failure to comply with any law imposing a mandatory duty on a permanent resident of Colorado**. Examples include failure to register a motor vehicle and failure to change your driver’s license to Colorado within the statutory periods.

-- **Return to your former state of residence** for a substantial period of time during the summer or during other periods when not enrolled as a student or between academic sessions.

-- **Maintenance of a home in another state**.

-- **Prolonged absence from Colorado**, except for military or civilian government service or for temporary absences required by an employer.

-- **Any other factor particular to your situation** that indicates non-Colorado domicile. Examples include applying for a loan or receiving college financial aid from another state where domicile in that state is a condition for receiving funds, and voting or registering to vote in another state.

**Accountable Students and Residency**

Accountable students at the University of Colorado Denver, Anschutz Medical campus -- are persons who, as of the date of their selection for admission into a UCD professional health care program (currently students in the Schools of Medicine and Dental Medicine), will not be receiving funding from the state of Colorado or a cooperative state for any portion of the costs incurred in participating in designated UCD professional health care programs. Prior to matriculation, accountable students must agree to the terms of an accountable student contract (including payment of in-state tuition plus associated accountable student fee) for the duration of their professional degree training.

The Accountable Student Program for Students in Health Sciences Professions was enacted in 2006 by the state legislature. The Health Sciences Center implemented this program for the Schools of Medicine and Dental Medicine effective with the 2006-07 academic year. This legislation essentially uncoupled residency status from tuition classification for students classified as accountable students, who each year pay in-state tuition plus an associated accountable student fee.

Accountable students, once designated and having signed the accountable student contract, are bound by the terms of their contract for all years of their studies, including their agreement to pay the accountable student fee regardless of residency status. They may, however, petition for Colorado residency status in order to qualify for other forms of financial assistance available to eligible students who are Colorado residents. Establishing residency status also will allow accountable students the benefit of in-state tuition rates in other degree programs should they choose to enroll in a second degree program (e.g., Master of Science in Public Health, or Master of Business Administration). Petitioning for in-state residency status normally is undertaken after a student has been in Colorado for a year and before his/her second year of studies. Petitions are available from and processed by the Registrar’s Office. Specific questions about residency classification should be addressed to the Tuition Classification Officer in the Anschutz Medical Campus Registrar’s Office (Education II North Building, Room 3205; telephone: 303-724-8054).

**Emancipation and Residency**

A person must be legally emancipated before he or she is “qualified” to establish a domicile separate from the domicile of one’s parents. Emancipation for tuition purposes takes place automatically when a person turns 22 years of age, or marries, or commences a post-baccalaureate degree-granting program. The clock then starts for establishing domicile (physical presence and intent) and the student must wait 12 months to become eligible for in-state tuition.

A person who is unmarried and under 22 years of age at the beginning of the one-year waiting period and who wishes to claim “emancipated minor” status must prove that he or she is completely self-supporting and financially independent of his or her parents or legal guardian(s).

The following constitutes evidence of emancipation; however, no one criterion, taken alone, can be considered conclusive evidence of emancipation.
Unemancipated minors may qualify for in-state tuition only when their parent(s) or legal guardian(s) are domiciled in Colorado. An unemancipated child of divorced or separated parents can be immediately classified as in-state if either parent has been domiciled in Colorado the requisite period of time, regardless of which parent was granted custody or duty to support the minor by court decree. The parent in this instance is always the one to complete the petition for in-state classification, based on the parent's domicile and connections with the state.

**Four-Year Rule**

Students whose parents maintain a Colorado domicile for four years and then establish domicile elsewhere, will remain eligible for in-state tuition if:

a) The parents leave Colorado after the student completes his or her junior year of high school and if the student enrolls at a Colorado public college or university within three years and six months after the parents leave Colorado. The student need not remain in Colorado when the parents leave or be emancipated from the parents. **OR**

b) The student maintains continuous Colorado domicile. The student need not be emancipated. This provision generally will be met if the student continues to reside in Colorado after the parents leave or if the student resides outside the state only temporarily (for example, to attend college or for military service) while maintaining Colorado domiciliary connections such as voter registration and income tax filing.

**Military Service and Residency**

Active-duty members of the armed forces of the United States and Canada on permanent duty stationed in Colorado and their dependents (as defined by military regulations) are eligible for in-state status, regardless of domicile or length of residence in Colorado. The military member must have reported to a duty station in Colorado, as certified by their military command, by the first day of class of the applicable academic term. To obtain this in-state tuition rate, the student must submit a Certification of Military Status Form signed by their Base Education Officer verifying their active military status and permanent duty assignment in Colorado, along with a copy (both front and back sides) of the military identification card. Dependents must present verification of the active military person on permanent duty, along with a copy of the military dependent identification card. This certification must be signed and submitted to the Registrar's office no earlier than 90 days prior to the first day of classes and no later than 10 working days from the first day of the term. The certification must be completed and submitted each semester.

If the parent was on active duty in Colorado at any time during the student's senior year of high school in Colorado, the student retains in-state status if the parent is transferred outside Colorado (but not if the parent retires). The student must enroll in a public institution of higher education in Colorado within 12 months of graduation, but cannot have attended college outside Colorado.

Military dependents continuously enrolled in a Colorado college continue to qualify for in-state tuition if the military member is transferred outside Colorado (but not if the parent retires).

Unless the student meets the requirement for domicile in Colorado for one year as detailed above, this eligibility expires as of the first term that begins after retirement or loss of dependent status.

To retain domicile during an absence from Colorado due to military orders, military personnel must maintain Colorado as their state of legal residence for tax purposes, and voters must maintain Colorado voter registration.

Military personnel may retain legal residence in their original state, or they may establish a new legal residence in a state in which they reside due to military orders. They may not establish domicile in Colorado while residing elsewhere or while being physically present in the State only on a temporary basis.

Persons domiciled in Colorado for one year who enter active duty military service, and who return permanently to Colorado within 6 months of discharge, and their dependents, qualify for in-state tuition regardless of changes of domicile while on active duty.

**Civilian Absences from the State**

Civilians who accept overseas employment, governmental or otherwise, or temporary employment in another state, or who are temporarily absent from Colorado for other reasons, must continue to file Colorado state income tax returns as residents for each and every year of their absence from the state. They must claim and pay taxes on all of their earnings, wherever earned, and will
receive a credit for taxes withheld by or paid to another state. Civilians, like military personnel, are allowed to back file for all years of absence, and refusal to back file is sufficient evidence by itself to determine that the civilian has relinquished, renounced, and abandoned his or her Colorado domicile for tuition purposes. This is so even if the civilian has retained Colorado driver’s license, license plates and voter registration.

**Permanent Resident Aliens and Visa-Holders**

Persons who are lawful permanent residents or who are admitted as refugees are eligible to establish domicile for tuition purposes.

Nonimmigrant aliens who are residing in Colorado for purposes other than education may qualify for in-state status after one year of Colorado residence. The nonimmigrant categories subject to this provision are determined by the Colorado Commission on Higher Education. Non-immigrants in the following categories cannot qualify for in-state tuition: F-1, F-2, H-3, H-4 (if the visa holder is the spouse or child of an H-3), J-1 and J-2 (if the J-1 visa holder is a student or trainee), M-1, and M-2.

**Petitions and Appeals**

Petition forms for requesting in-state residency status are available online at the UCD Anschutz Medical Campus student services web page (http://www.uchsc.edu/registrar/) or from the Registrar’s Office, Education II North Building, Student Services area. The petition must be notarized and should be filed one or two months before the start of the term for which one wishes to qualify. The deadline for submitting petitions for a given term is the last day of late registration for the student’s program of study. Dates are published in the UCD Anschutz Medical Campus Course book (available on the Web at http://www.uchsc.edu/registrar/coursebook/). The date of the last day of late registration is also the date that is used to determine whether or not a person has been domiciled in Colorado for the requisite twelve months in order to qualify for residency status. At all times in the classification procedure, it is the student’s responsibility to present all requested information and to meet the appropriate deadlines. Only photocopies of requested documents should be submitted with the petition because all information submitted becomes part of the student’s file and cannot be returned to the student. Failure to provide all requested information and documents will invalidate a request or petition for in-state status. The student is notified of the University’s decision by email and regular mail.

Any student who is denied in-state tuition classification by the Tuition Classification Officer may appeal that decision to the Residency Appeals Committee. The Residency Appeals Committee is composed of a representative from each University of Colorado campus. A student wishing to appeal a decision should contact the Registrar’s Office for instructions. The decision of the Residency Appeals Committee is final. Residency appeals must be submitted, in writing, to the Office of the Registrar (303-724-8054) no later than 10 working days after the student receives the Tuition Classification Officer’s decision. There will be no retroactive changes in classification.

**Frequently Addressed Points and Important Legal Notes**

Because Colorado residency status is governed solely by Colorado regulations, lack of eligibility for in-state status in another state does not guarantee in-state status in Colorado. The tuition classification statute places the burden of proof on the student -- not the University -- to provide clear and convincing evidence of eligibility.

Information submitted to qualify for in-state classification is subject to independent verification. Individuals submitting false information or falsified supporting documents are subject to both criminal charges and university disciplinary proceedings.

Tuition classification is governed by state law and by judicial decisions that apply to all public institutions of higher education in Colorado. The University of Colorado does not have discretion to make exceptions to the rules as established by state law.

There are many different kinds of residency. A person can be a resident for voting purposes or motor vehicle law purposes and still not be a resident for tuition purposes because each kind of residency is governed by a separate state statute.

Marriage to a resident does not automatically qualify a student for in-state tuition. Colorado has passed a state Equal Rights Amendment to the Colorado Constitution -- which means that each person is treated equally. Each person, male or female, must qualify based on his or her own legal connections with the state.

**New Law: Proving Eligibility for State Benefits (Effective August 2006)**

In 2006 The Colorado State Legislature passed HB1023, which requires the University to gather additional information for any student who applies for and receives any form of federal, state or local public benefits, including in-state tuition and merit, need, or other institutional financial assistance through a state institution of higher education. Any student who has not applied for financial aid by filing the FAFSA, or applied for the College Opportunity Fund must also sign an affidavit stating that he/she is lawfully present in the United States and present appropriate identification to the Registrar’s Office in order to receive benefits. You can find more information as well as the affidavit at: [www.cudenver.edu/Admissions/Registrar/House+Bill+1023/default.htm](http://www.cudenver.edu/Admissions/Registrar/House+Bill+1023/default.htm)

**SCHEDULE CHANGES**

**Dropping Courses**

Students are permitted to drop courses during the first 10 class days of the fall and spring terms. Students are permitted to drop courses during the first 5 days of the summer term. Dropped courses will not appear on the student’s transcript.
After the fifth (summer) or tenth (fall, spring) day of the term, courses can no longer be dropped. A student can withdraw from the courses by completing a course withdrawal form. Both the instructor's and the appropriate school/program signatures are required on this form. Tuition will not be refunded, even if the withdrawal is allowed. A grade of "W" will appear on the transcript.

**Adding Courses**

Students normally may add courses to their original registration during the first ten (10) days of the Fall and Spring terms and during the first five (5) days of the Summer term, provided there is space available and subject to the rules of the college/school offering the course. Students receiving VA benefits must report added classes to the veteran's representative in the Financial Aid office.

**SEXUAL HARASSMENT POLICY**

The University of Colorado is committed to maintaining a positive learning, working, and living environment. In pursuit of these goals, the University will not tolerate acts of sexual harassment or related retaliation against or by any employee or student.

**Sexual harassment:** consists of interaction between individuals of the same or opposite sex that is characterized by unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, living conditions and/or educational evaluation; (2) submission to or rejection of such conduct by an individual is used as the basis for tangible employment or educational decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or educational environment.

**Hostile environment sexual harassment** (described in subpart (3) above) is unwelcome sexual conduct that is sufficiently severe or pervasive that it alters the conditions of education or employment and creates an environment that a reasonable person would find intimidating, hostile or offensive. The determination of whether an environment is "hostile" must be based on all of the circumstances. These circumstances could include the frequency of the conduct, its severity, and whether it is threatening or humiliating.

**Retaliatory Acts:** It is a violation of this policy to engage in retaliatory acts against any employee or student who reports an incident of alleged sexual harassment, or any employee or student who testifies, assists or participates in a proceeding, investigation or hearing relating to such allegation of sexual harassment.

University of Colorado Denver (UCD) Sexual Harassment Policy Campus Appendix

A. **Introduction**

The University of Colorado System Administrative Policy Statement (APS) on Sexual Harassment Policy and Procedures may be obtained from the UCD Sexual Harassment Officer (see below) or found online at: http://www.cu.edu/policies/Personnel/sexharass.html. Section F. of the APS requires that each campus maintain a campus appendix to the Sexual Harassment Policy. This appendix complies with the APS requirements.

B. **UCD Sexual Harassment Officer**

If you need to report sexual harassment, or if you have any questions regarding sexual harassment or the Sexual harassment Policy, please contact the UCD Sexual Harassment Officer at 303-315-2724; send correspondence to P.O. Box 173364, Campus Box 130, Denver, CO 80217-3364; or email to Richard.Webb@uchsc.edu.

C. **Campus Resources**

The Ombuds Office is a resource available to all members of the University Community. The Ombuds Office has responsibility for confidential, neutral and informal conflict resolution of situations that involve the faculty, staff, students, and their supervisors or alleged perpetrator(s). This expertise is extremely valuable in understanding and utilizing the Sexual Harassment Policy. The office serving the Downtown Denver Campus may be reached at 303-556-4493. The office serving the 9th Ave. and Anschutz Medical Center Campuses may be reached at 303-315-0563.

The UCD Department of Human Resources is located on the Downtown Denver Campus, and may be reached at 303-315-2700. The department provides services to faculty, exempt professional and classified staff.

**UCD and Auraria Police Department:** The police respond to reports of on-campus criminal conduct, including sexual assault or other serious allegations of sexual harassment in which the complainant believes that their safety is threatened. Allegations of serious sexual harassment should be reported to the Police Department if they occur during or after hours or weekends, or immediately to the sexual harassment officer during business hours. The Police Department makes appropriate referrals of non-criminal complaints. The emergency phone number for police serving all campuses is 911.

The CU-Denver Student and Community Counseling Center provides mental health counseling services to the UCD student body as well as the Denver Metro community. The Center is located in room 4036 of the North Classroom Building on the Auraria Campus; phone 303-556-4372.
D. Exception to the Obligation to Report

The Sexual Harassment Policy obligates supervisors who experience, witness or receive written or oral reports or complaints of sexual harassment to promptly inform the sexual harassment officer. The policy also requires that exceptions to this requirement be identified. The Ombuds Office at UCD is not required to inform a sexual harassment officer of confidential communications, including information regarding sexual harassment.

STUDENT GOVERNMENT

The Anschutz Medical Campus Student Senate is this campus’ student governing body. The Senate is composed of two elected representatives from each class of the various disciplines at the Health Sciences Campuses, including the School of Medicine, School of Dental Medicine, College of Nursing, Graduate School, School of Pharmacy, Child Health Associate/Physician Assistant Program, and Physical Therapy Program. It should be emphasized, however, that input to the Senate is in no way restricted to elected senators. All Senate meetings are open to any interested students, and participation by non-Senate members is greatly encouraged. Only through direct participation and conscientious election of senators who reflect the majority opinion can students insure that their views are being accurately represented. Meetings are typically scheduled the 2nd and 4th Monday of each month at 5:30 p.m. The meetings take place in Ed II North. The Senate officers serve from June through the following May, senators serve from September through May.

The primary focus of the Senate is the promotion of interdisciplinary contact and cooperation between those various disciplines at the health sciences campus. The Senate is the only vehicle through which the feelings and opinions of the entire student body can be conveyed to the administration, faculty, and others. Through past efforts, the Senate has established an excellent working rapport with the administration, and the opportunity for meaningful student input in the modification of Anschutz Medical Campus campus-wide policy is evident.

The Senate has student representatives on a number of campus committees such as Welcome Weekend Committee, Chancellor’s Campus Life Committee, the Chancellor’s Governance Committee, Student Fee Review Committee, Academic Support Committee, and the Intercampus Student Forum. Internal committees include Senate Executive Committee, Finance, Philanthropy, Student Life, Diversity, Communication, and Legislative Affairs Committees. Senate members also have representatives on short-term committees throughout the campuses.

Attendance of the Student Senate president at the monthly Regent meetings is encouraged.

Students are encouraged to discuss issues which concern campus matters with their Senate representatives and encourage the Senate to report regularly on information and issues discussed at Senate meetings. Meetings are open to all students, with voting privileges limited to two senate votes per class.

The Senate sponsors various social events throughout the year and has funding available to assist students who incur expenses related to extracurricular professional development. Fund request forms can be obtained from senators or from the Student Assistance office, 3rd Floor (3123) of Ed II North. Please visit Senate’s website at www.uchsc.edu/student/senate.
STUDENT HEALTH

All degree students enrolled in 5 or more credit hours must be insured through the UCD Anschutz Medical Campus (AMC) student insurance unless the student can prove that he/she has comparable insurance coverage elsewhere. For detailed information about the AMC insurance plan, including outpatient, in-patient, and the optional dental insurance plan available, see the website at www.uchsc.edu/studentinsurance, or contact the Student Insurance office at 303-724-7674. The waiver form outlines criteria for comparable insurance which is emailed to each student in the fall and also available on-line or at the Student Insurance Office. If you wish to waive the student insurance, you must submit a waiver form and provide a copy of your insurance card as well as benefit information to the Student Insurance office located in Education II North Building, room P28-3208. The deadline for waiving or enrolling in will be included on the selection/waiver forms and listed on-line www.uchsc.edu/studentinsurance. AFTER THE DEADLINE, YOU WILL BE RESPONSIBLE FOR THE INSURANCE FEE, WHICH IS AUTOMATICALLY CHARGED ON YOUR TUITION BILL. Additional information will also be provided during orientation or by calling the Student Insurance office at 303-724-7674.

TUITION DEPOSIT

A deposit of $200 is required of each student entering a school or program at the UCD – Anschutz Medical Campus (AMC) in order to reserve a position in the class. This $200 deposit will be applied to tuition, fees, or any other student obligation at the end of the last term of attendance at UCD. All $200 deposits are invested, and 100% of the earnings from these deposits are assigned to Student Financial Aid for distribution to students by program on the basis of need. The $200 deposit is due within two weeks of receipt of the admissions offer and is refundable up to 60 days prior to your actual registration date.

The following policy, as agreed to by each of the Schools of the Anschutz Medical Campus, details how student tuition deposits will be handled. This policy pertains only to the tuition deposits paid by students who either never attend classes at UCD AMC or who leave before completing their course of study. The tuition deposit policy for students who finish their course of study is already detailed above.
1. **Refunding tuition deposits for first-time students.**

   1. If a first-time student notifies a school 60 days or more before the first day of the term for which he or she was accepted that he or she will not be attending UCD, the tuition deposit will be refunded to the student. Each School will notify the Bursar’s office in writing or email shortly after the 60-day limit so that the Bursar’s office can make the necessary entry to the student’s account to refund the deposit.

   2. If a first-time student notifies a school 59 days or less before the first day of the term for which he or she was accepted for that he or she will not be attending UCD, the tuition deposit will be forfeited. The deposit will go to the school that the student would have attended.

   3. If a first-time student starts to attend class and then withdraws, the deposit will be handled based on whether or not there are charges on the student’s account. If there are, the deposit will be applied to the balance due. If there are no charges, the deposit will be refunded to the respective school. For students who fall into categories 2 or 3, each school will notify the Bursar’s office in writing or email shortly after the add/drop period for each term so that the Bursar’s office can make the necessary entry to the student’s account to either apply the deposit or refund the deposit to the school.

2. **Refunding tuition deposits for continuing students.**

   If any continuing student (defined as any student who completes his or her first term of study) leaves UCD for any reason, the tuition deposit will be refunded to the student. This could result in the deposit being applied to a balance due or being refunded to the student. Each school will notify the Bursar’s office in writing or email when it is aware of such a student so that the Bursar’s office can make the necessary entry to the student’s account to apply the deposit. Occasionally, a student will obtain an official withdrawal form and present it at the Bursar’s office for approval. In that case, the Bursar’s office will apply the tuition deposit to the student’s account immediately. The respective school will not have to notify the Bursar’s office in this case.

**TUITION AND FEE REGULATIONS**

Tuition and fees shall be recommended by the UCD Budget office and the Colorado State Legislature. The Board of Regents shall review and approve the schedules of tuition, fees and refund policies.

A list of current charges is available at the Registrar’s office, Anschutz Medical Campus (Education II North 3rd Floor) when final approval is given by the University of Colorado Board of Regents.

**Tuition for Courses Taken for No Credit**

Tuition for courses taken for no credit (NC) is the same as for courses taken for credit.

**Fractional Credit**

Fractional credit is regarded as 1 hour in assessing tuition and fee charges.

**Drop/Add Tuition Adjustment**

Complete adjustment of tuition and fees will be made on drop/add changes through the first ten days of classes only. No refunds for any changes will be made for withdrawing from courses after the tenth day of classes. Charges will be assessed for the addition of courses. Students who believe they dropped a class within the term but who were still charged for that class should contact their school’s Admissions/Student Affairs office to file a formal appeal. If their respective school believes that the circumstances justify relief from the tuition charges, the school will work with the Registrar’s office to drop the student from that class. *Please note that dropping all classes for a particular term is considered a withdrawal, whether or not the student officially withdraws from the University.*

**Late Registration Penalty**

A late registration penalty will be charged to students who are authorized to register after their regular registration period. The late registration penalty is $60.

**Matriculation Fee**

There is a one time non-refundable matriculation fee of $140.00 for any student new to the UCD Anschutz Medical Campus. This fee will be assessed at the time of initial registration.

**Payment of Tuition and Fees**

Students enrolling at UCD are responsible for full payment of tuition and fees. Students should be prepared to pay their bills in full. Tuition and fees are due and payable on Census date of each semester. Census date is generally the end of the second week of classes in fall, spring and end of first week in summer.

Failure to receive a tuition bill does not dismiss the student from his or her obligation for payment. Failure to pay tuition does not cancel classes and therefore does not eliminate or reduce the financial obligation. Students are financially liable for all classes for which they are registered. Failure to attend classes does not cancel a student’s registration. Note: stopping payment on a check does not cancel classes.

The student's initial bill will be comprised of tuition and fees for the current term as well as any fees to cover the period from the current term until the following August 31. The initial bill may also include any credits due for the employee tuition reduction, advance payments and deposits and financial aid when applicable. Students with unpaid tuition balances will not be allowed to register for subsequent semesters nor will they be allowed to obtain a copy of their transcript.
Credit Cards
The UCD Bursar’s Office does not accept credit cards for the payment of tuition and fees at the Anschutz Medical Campus primarily due to the administrative fee charged to the institution which would have to be passed on to the students in the form of higher tuition charges. The interest rate charged on credit cards normally exceeds that of the institutional funds available to students, and the institutional funds also have more favorable payback terms than do credit cards.

Service Charges
A monthly service charge of 1.75% will be added to a student account if the account is not paid in full. This charge will be assessed to a student account that has an unpaid balance on the last day of the month in which the tuition and fees are due and each month thereafter.

Delinquent Accounts
Students who do not pay the charges for one term by the end of the term in the following term will be subject to in-house collections. Accounts referred for in-house collections will have a service fee of twenty percent added to the balance due.

Enforcement
By Colorado statute, the University is not permitted to determine the timing nor the agencies to which we refer delinquent student accounts. State law and administrative policies enacted are specific as to the procedures we must follow. Collection activity is now at the discretion of Central Collection Services for the State of Colorado. Once an account has been referred to this agency, the following actions will be taken:
1. No transcripts will be issued for the student until the bill is paid in full;
2. Service charges of 1.75 percent per month will continue to be assessed;
3. Your account will be reported to the credit bureau.

Appeals
Students who disagree with a decision made by the Bursar’s office for charges assessed or enrollment holds due to account balances may appeal in writing to the Fee Payment Appeals Board for reconsideration. The board, chaired by the Bursar, consists of two Associate Deans of Students Affairs, one of whom shall be from the appropriate school, a student from the appropriate school, the Director of Admissions and Student Services, the Registrar, the Director of Financial Aid, and the Director of the Office of Diversity. Appeals must be made in writing to the Bursar and must be received within 10 days of the student’s initial request to have a charge or registration hold decision reversed. The Board will notify the student in writing of its decision within 10 business days of the receipt of the request.

Personal Checks
There is a $25.00 returned check fee on all items returned by a financial institution.

Refunds and Withdrawal Charges
No withdrawal is valid without the written consent of the dean or dean's designee of the school or program in which the student is registered. If a student withdraws from the University, NO refund of tuition will be granted. Fees are also nonrefundable.

The deans or their designees of the various schools at the Anschutz Medical Campus may, under extenuating circumstances, waive all or a portion of tuition charges and those fees recorded in the school's accounts upon a student's withdrawal or dismissal from school. Students requesting tuition relief due to a withdrawal for unforeseen circumstances should contact their school’s Admissions/Student Affairs office to file a formal appeal. If their respective school believes that the circumstances justify relief from the tuition charges, the school will work with the Registrar's office to enter the appropriate tuition rebate percentage on the student account.

The University must follow specific federal refund calculations for students receiving financial assistance and who withdraw from school. The University is required to determine the correct refund applicable to first-time students who withdraw within the first term and the refund for continuing students who withdraw within the first term and the refund for continuing students who withdraw. For further information on the required refund policy for students receiving financial aid, please see the UCD Financial Aid bulletin on Withdrawing and Financial Aid. This bulletin is available in the student Financial Aid office, located in the Education II North Building, 3rd Floor.

TUITION WAIVER
Permanent faculty and staff of the University of Colorado may be eligible for a tuition waiver for courses taken for credit within the University of Colorado system (depending on their employee job classification).

Eligible employee job classes include faculty (at the rank of instructor or above), permanent full- or part-time classified employees, unclassified employees, or professional exempt employees. Full-time employees may be allowed up to six (6) semester hours in an academic year (June through May) on a space available basis. Part-time staff may be allowed a percentage of hours based on their appointment.

Employees are required to fill out the tuition waiver form for the campus where they will attend classes; however, eligibility for the waiver must be determined and approved by the HR representative at their home institution.

Payment for fees and tuition for any additional hours taken are the responsibility of the student, and should be paid on receipt of bill. Late payments will result in late fees and service charges.
Waiver forms are available in the Registrar’s office, Education II North Building, 3rd Floor, Room 3202. Registration will be completed during the Drop/Add period on a space available basis, and the Waiver Form will be forwarded to Human Resources for verification of employee eligibility and returned to the Registrar’s Office.

Student veterans will be certified once each academic year at the beginning of their first enrollment period. Students currently receiving benefits will be emailed an institutional application form that must be completed before their veterans’ forms can be certified. New students can go online to the Financial Aid Office’s website, www.uchsc.edu/finaid, and for application information.

Student veterans registered as official thesis students must obtain a statement signed by the department chairperson or thesis advisor to the effect that the student is engaged in either fulltime or part-time graduate study. This statement must be filed with the VA representative. Student veterans must immediately notify the VA representative of any changes in enrollment, e.g., school withdrawal, increase or decrease in numbers of credit hours in an academic period.

WITHDRAWAL FROM THE UNIVERSITY PROCEDURE

Students must begin the withdrawal process by visiting the Registrar’s office, Anschutz Medical Campus, Education II North Building, 3rd Floor, Student Services area, 303-724-8059 to obtain a withdrawal form. A withdrawal notation is recorded on the student's transcript.

Students who withdraw without communicating with the dean or dean's designate and filing the appropriate withdrawal form with the Registrar's office will be considered to have failed their courses for the term. Please see "Tuition and Fee Regulations" for withdrawal charges.
