Current Trends in Identity Theft
and how you can avoid being a victim!

Anschutz Campus
Thursday, December 17th
Research 1 North
Hensel Phelps Auditorium West
12:00 pm – 1:00 pm

This session will provide a brief overview of the trends law enforcement is seeing in Identity Theft; including its connection to organized crime, terrorist activity, human trafficking and other criminal enterprises. Understanding how the criminals operate gives us tools to protect ourselves from victimization. We will offer suggestions to help in developing an ID Theft prevention plan.

About the speaker: Guest speaker Hazel Heckers from the Colorado Bureau of Investigation runs a 24-hour hotline for victims of identity theft or fraud, teaches classes on the topic, and is considered an expert in this field.
