A. **INTRODUCTION**

This policy establishes the procedures and methods of purchasing, distributing and accounting for gift cards, including Internal Revenue Service (IRS) tax reporting requirements.

CU Denver | Anschutz employees and affiliate fiscal staff who purchase or distribute gift cards using University funds or who are involved in the related fiscal transactions shall be responsible for compliance with this policy.

C. APPLICABILITY AND DEFINITIONS

1. Applicability

   This policy applies to the procurement and distribution of gift cards at CU Denver | Anschutz using University funds. Common uses of gift cards include, but are not limited to study subject compensation, survey incentives, recognition and honoraria.

2. Definitions

   a. Gift cards: Cash-like instruments used at CU Denver | Anschutz as study subject payments, or for recognition of employees and associates as awards, rewards, or prizes, in lieu of cash or check. Throughout this policy the term “gift card” shall include gift certificates and electronic gift cards except where specified otherwise.

   b. Study Subject: An individual about whom an investigator conducts research and obtains data through intervention or interaction with the individual.

   c. Recognition Categories: Four categories of awards, rewards, and/or prizes that can be given to employees and non-employees (university associates and other individuals) in the form of gift cards. They are: length of service, merit, safety, and participation, and are defined further in the PSC Procedural Statement, Recognition and Training.

   d. Petty Cash: Monies used for small payments to study subjects or for incidental expenses when not otherwise obtainable by procurement card or other convenient means.

D. POLICY STATEMENTS

1. Approval. All gift card purchases must be approved by the Finance Office prior to payment. Such approval request should occur only after a careful review of the Tests of Propriety; specifically the costs in relation to the benefits and availability of funds, and must be in compliance with the PSC Procedural Statement,
Recognition and Training. The Finance Office requires a two week turn-around time for approvals.

2. **Student Awards.** Gift cards may not be used for student academic awards because all student awards must go through the Financial Aid & Scholarships Office for purposes of student financial aid tracking requirements and through the Bursar’s Office for tax reporting purposes. Students may participate in a study; payment for which is compensation. Therefore, such payments do not affect financial aid.

3. **Dollar Limits.** Study subject payments via gift card must be $100 or less. Payments of more than $100, or payments in any amount made to foreign nonresidents subject to tax withholding, must be made via Study Subject Payment Voucher (SSP form). Recognition awards, rewards, or prizes made via any payment method, including gift cards, must also comply with the PSC Procedural Statement Recognition and Training.

4. **Tax Reporting.** Study subject payments are considered “compensation” for time and inconvenience and are considered taxable income to the recipient per the Internal Revenue Code, regardless of the payment method or amount. See Study Subjects policy for details on the custodian’s responsibilities regarding tax reporting.

Recognition awards, rewards, or prizes made via gift card are generally tax reportable. See the PSC Procedural Statement Recognition and Training for details on the custodian’s responsibilities regarding tax reporting.

5. **Required Documentation.** All gift card purchases must be authorized via the “Request for Gift Card Purchase Authorization” form (see Exhibit A), and accompanied by the “Statement of Responsibility” (see Exhibit B).

Additional documentation requirements for study subject payments are detailed in the CU Denver | Anschutz Study Subjects policy.

Additional documentation required for recognition awards, rewards, or prizes are detailed in the PSC Procedural Statement Recognition and Training.

6. **Single Purpose.** Gift cards should never be used for any reason other than their originally stated purpose, as specified in the project’s budget narrative, protocol, recognition program. Gift card programs for differing projects or purposes shall not be commingled.

7. **Internal Controls.** Internal Controls over gift cards are required at all times. Each organizational unit must have written procedures in place that provide for the proper safeguarding of gift cards. The following internal controls at a minimum must be addressed and in place:
a. Custody.
   i. For each purchase, a single individual must be the designated custodian of
      the gift cards. This individual will be responsible for ensuring that all
      purchasing, security, dispensing, tracking, and replenishing procedures are
      followed. Contact the Finance Office to permanently change designated
      custodian.

   ii. Custody may be transferred temporarily from the designated custodian to
      other departmental personnel. A receipt acknowledging the transfer of
      responsibility should be prepared, signed, and dated by both parties stating
      that the recipient agrees to be held accountable for the safeguarding of the
      gift cards and will dispense the payment in accordance with the business
      purpose of the clinical trial, protocol, survey, or recognition event. Each
      party to the agreement should receive a copy of the agreement, and a copy
      should be kept with the inventory. This process will ensure that
      responsibility rests with a single individual at any point in time.

b. Security. Gift cards must be secured at all times (e.g. in a locked box in a
   locked cabinet or drawer). The custodian should have the primary set of keys;
   a second person should have a duplicate key for the box, and a third person
   should have a duplicate key for the cabinet, so that two people are required to
   unlock the box when the custodian is absent. Key owners should be
   documented in the audit log.

c. Audit Log. The custodian must keep an audit log of gift card purchases and
   disbursements for audit purposes. This log must tie to the purchases of gift
   cards recorded in People Soft (e.g. by journal ID). This log will be used by the
   Finance Office to audit the accuracy and adequacy of the gift card
   recordkeeping. In cases of grant funding, this is particularly critical in
   demonstrating that the gift cards are reasonably allocable to a grant.
   The log may also be used to document issuance by having the recipient initial
   the line for the card number they received. Alternatively, gift card issuances
   may be documented by a pre-numbered receipt book (two-part form receipt
   books are available at office supply stores). If a receipt book is used, receipt
   numbers must be recorded in the audit log. Regardless of the tracking method
   used, information to be included for each card shall include at a minimum:

   i. Recipient name or study subject ID (the study subject ID is any number
      assigned by the department to identify the individual in order to protect
      their confidentiality),
   ii. Date,
   iii. Purpose of the payment,
   iv. Serial number of the gift card,
   v. Payment Amount,
   vi. Signed or initialed by the recipient.
d. Non-Study-Subject Records. The Finance Office will provide individual
guidance on appropriate record keeping for programs using gift cards for
purposes other than study subject compensation.

e. Record Retention. All records related to gift cards, including audit logs,
receipts, temporary custody agreements, and inventory reconciliations signed
by the supervisor shall be kept in accordance with the Record Retention APS
(currently, 9 years after termination of the grant, or 3 years for non-grant
funds).

f. Surplus Card Inventory. Gift cards should only be purchased as needed to
avoid a surplus card inventory if the study ends up not using as many cards as
anticipated.
If a surplus card inventory occurs, contact the Finance Office for guidance on
appropriate disposition.

g. Lost cards. The value of receipts and gift cards must total the authorized
amount approved by the Finance office. Employees are held responsible for
any gift cards in their possession that are lost or misplaced. Any shortage must
be reported immediately to the Finance Office and the campus police
department.

h. Reconciliation. Reconciliation of the gift cards should be conducted every
time gift cards are purchased or on at least a monthly basis. This reconciliation
should consist of verifying that the number of cards purchased minus the
number of cards disbursed agrees to the number of cards on hand. In addition,
the value of the cards purchased should agree to the amount recorded in
PeopleSoft. Also, a quarterly reconciliation shall be observed by the
custodian’s supervisor and documented by a signed statement.

8. **Procurement.** Gift cards may be purchased using procurement card or PO.

9. **Accounting Entries.** The expense for gift cards purchased in order to pay study
subjects should be recorded as a debit to account 495102 “Study Subjects”.

The expense for gift cards purchased in order to pay for recognition awards,
rewards, or prizes should be recorded as a debit to account 550108 “ Non Cash
Participation/ Recognition Non-Employee”.

10. **Audit.** Accounting Services will periodically audit records related to gift cards,
including:

    a. Payment vouchers or vendor receipt if purchased via procurement card,
    b. Receipts issued to recipient and log,
    c. Inventory of unused gift cards.
        i. Minimization of card inventory at any one time.
        ii. Record of card inventory.
        iii. Security of card inventory.
        iv. Appropriate disposition of unused cards at end of study.
v. Quarterly inventory reconciliation signed by supervisor.
d. Whether receipts and logs support the gift card purchase transactions.

11. **Changes to a Gift Card Program.** Requests for changes to a Gift Card Program custodian, speedtype, or amount must be made in writing to the Finance Office.

12. **Closing a Gift Card Program.** When a gift card program is completed or no longer needed, the Finance Office shall be notified in writing.

### E. PROCEDURES

UNIVERSITY OF COLORADO DENVER
Statement of Responsibility and Instructions to Designated Gift Card Custodians

Reason for Form (check one)

☐ New Request  ☐ Change In Custodian

Speedtype # ______________________  Date: ______________________

By accepting custody of gift cards, I agree to be personally accountable to the University of Colorado Denver (UCD) and the State of Colorado for the appropriate care and disposition of the cards issued. I am familiar with the physical security arrangements available to me for the care of the cards and hereby agree that the arrangements are adequate for me to accept the responsibility as custodian of the cards. (If I did not believe that I had appropriate storage and working security available, I would not accept the cards.) I further agree that if these cards are lost or stolen due to my negligence, then the UCD may require reimbursement from me for the amount lost, stolen, or otherwise improperly handled.

I understand that all expenditures of UCD controlled funds will be for official UCD business only, will be reasonable for the specific program or project to which they are charged, and must contribute directly to the accomplishment of the University's mission.

By accepting responsibility of these cards I will comply with the following provisions:

1. I will establish controls over the gift cards so there is limited access to them and maintain the minimum quantity of inventory on hand for issuing gift cards during a two-week period.

2. When the project is nearing completion, I will reduce gift card inventory to a sufficient level in order to ensure there are no left over cards when the study has ended (gift cards are often difficult to return).

3. I will maintain adequate records on who gets gift cards so the process could successfully undergo an audit. I will have study subjects sign a receipt form acknowledging receipt of the gift card, or to protect patient confidentiality, I will maintain a list showing for each card issued, the date, patient number, card number, amount of the card, and have the patient initial the line.

4. For study subject payments in full-board protocols (invasive), if payments to a single individual will equal $100 or more per year, I will have them fill out and sign a form W-9 (ftp://ftp.irs.gov/pub/irs-pdf/fw9.pdf) to collect identification for IRS reporting. Reporting this information will be via a secure method as directed by the Finance Office at the end of the tax year. In the event of an audit by IRS, I will be able to produce supporting records.

5. For reporting requirements on recognition payments to employees or associates, I will comply with the PSC Procedural Statement Recognition and Training (https://www.cusys.edu/psc/policies/downloads/PPS_Recognition_and_Training.pdf).

6. I have read and understand the requirements and responsibilities delineated in the UCD Gift Certificates / Cards policy (http://administration.ucdenver.edu/admin/policies/fiscal/GiftCertificates.pdf).

7. If the cards are being charged against a sponsored project or a gift, I certify that this is an allowable expense, complies with sponsor or donor restrictions, and is within approved budgets and available funding.

8. I will make cards available for audit by properly identified Finance Office personnel or external auditors.

If this request is for a Custodian change, I have verified the existing card balance and it is accurate.

I, _______________________________, certify that I have read, understand, and agree to abide by the above.
