

established in this policy.

C. APPLICATION FOR GRADUATION SUBMISSION DEADLINES

1. Students intending to graduate at the end of a particular term must submit an online application for graduation between the first day of registration and census date of that term.
2. If a student submits an online application for graduation but does not graduate at the end of the term, he/she must re-apply to graduate in the subsequent term in which he/she then intends to graduate.

D. TENTATIVE LIST

The submitted and approved online applications constitute the list of tentative graduates. This list is used to ensure that students will receive communications regarding commencement ceremony registration and other commencement-related events.

E. APPLICATION FOR GRADUATION VERIFICATION

1. Each semester, the Office of the Registrar will notify the schools and colleges of the date by which they must approve/deny applications for graduation.
2. The schools and colleges then check each application on the list of tentative graduates for accuracy. The major, minor, option, etc., must be checked. Schools and colleges are responsible for verifying that students have met all requirements for graduation from their program. Once verified, this list is used for the commencement program.
3. If students submit online applications for graduation that are not accurate, they may not be able to graduate at the end of the desired term. Schools and colleges must correct or work with the necessary departments to correct the student's record in ISIS (the University's computerized database).
4. The student must have an active CU Denver program in the correct career field for the term in which he/she is graduating. If an active program does not exist for the student, the school or college must contact the Admissions Office and request a record be created through the admissions process.
5. The school or college will be responsible for checking for the active program. All inactive programs are identified by a status of "discontinued" or "completed program."
6. Graduate students must be registered in at least one class for the term of graduation. If a graduate student will not be registered for any other classes, he/she must register for CAND 5940, Candidate for Degree. Undergraduate students do not have to be registered in the term of graduation.

F. CONFIRMED LIST

The Registrar's Office will notify the schools and colleges of the submission deadline (approximately one month after the end of each term) for degree certifications and confirmed graduation lists. The confirmed list determines which students will graduate at the end of that term. By complying with the Registrar's deadlines, schools and colleges will ensure that graduating students have timely access to transcripts and diplomas.

G. APPLICATION

1. Schools and colleges may not add a student to the graduation list for a prior degree year or term.
2. Students will be considered for graduation in the term in which they apply if degree requirements have been met. Diplomas and transcripts will reflect the confer date of the term in which he/she applied, not the term in which degree requirements were met.
3. Late grades are not a sufficient reason for adding a student to the graduation list for a prior degree year. Faculty members must submit their grades on time so that students will receive their diplomas during the term in which they complete the work. Students with outstanding incomplete courses must submit their work on time to faculty members.
4. In rare and unusual circumstances, the Provost may authorize adding a student to the graduation list for a prior degree year or term. Students and the school/college must submit complete documentation of the circumstances to the Associate Vice Chancellor for Academic Affairs in order to be considered. Each case will be decided on an individual basis and requires approval from the dean of the school/college, the Registrar and Provost (or designee). In the case of graduate students, approval by the dean of the Graduate School is also required.

Notes

1. Dates of official enactment and amendments:
June 1, 2006: Adopted
January 1, 2012: Revised and reissued by the Provost
April 12, 2019: Modified
2. History:
April 12, 2019: Modified to reflect a Campus-wide effort to recast and revitalize Campus policy sites into a standardized and more coherent set of chaptered policy statement organized around the several operational divisions of the university. Article links, University branding, and formatting updated by the Provost's office.
3. Initial Policy Effective Date: June 1, 2006
4. Cross References/Appendix: N/A
