Post-Tenure Review Committee

The University of Colorado System Administrative Policy Statement 1022 (http://www.cu.edu/ope/policy/aps-1022-standards-processes-and-procedures-comprehensive-review-tenure-and-promotion) describes the Post-Tenure Review (PTR) requirements of the system. The CLAS PTR Policy explains the process within CLAS. In order to make PTR possible, all primary units are required to have both detailed annual merit review criteria and a statement of PTR procedure in their written bylaws.

The CLAS PTR (CPTR) committee is the adjudicating body for all PTR cases in the College.

i. Composition:

• six voting tenured faculty members (one from each division plus two at large)

• A designated non-voting representative from the Dean’s office shall serve as chair.

If a committee member does not meet regularly with the committee, the chair shall declare the seat vacant, and the associate dean responsible for elections shall arrange for a temporary appointment from the appropriate division until a replacement can be elected. The definition of regular attendance will be determined by the committee.

i. Procedures:

• A committee quorum shall consist of at least half of the voting members of the committee.

• The chair or a committee member may request that a vote be taken by secret ballot when deemed desirable to do so.

• Conflict of Interest: All committee members shall recuse themselves from a vote on which the nature of their relationship with the faculty member under review may reasonably be thought to represent a conflict of interest.

ii. Functions:
• For the faculty member under review, to conduct a PTR in compliance with the System APS 1022 and in compliance with any CU Denver campus and CLAS policies.

• To submit the written report and rating to the department Chair, who will forward it to the Dean, or, in the case of a primary unit without a Chair, directly to the Dean. A copy will be given to the faculty member, and another copy will be placed in the faculty member’s departmental (and/or College) personnel file.

• To allocate PTR Development Grants according to college policy.

• At the request of the Dean or the primary unit, to review a primary unit’s criteria for annual merit review and its definitions of the five rating categories. This review is not of discipline-specific content; its concerns are limited to clarity, level of detail in criteria and definitions, consistency of application, and compliance with System and University policies. Under advisement from the CPTR Committee, the Dean may request that a primary unit update its bylaws in accordance with the requirements of review processes.
